VICTORIA, B. C., WEDNESDAY, JUNE 28, 1911

NO. 150

## BY-LAWS WILL BE JUDGED TO-MORROW

### CEMETERY PROTECTION MORE URGENT THAN EVER

Erosion Destroys Ten More Feet of Land Since February of This Year

To-morrow will decide the fate of one of the most important by-laws that have been submitted to the people this year, that authorizing the raising of \$100,000 for the purpose of erecting a sea wall to protect the foreshore at Ross Bay cemetery.

This most laudable object will be voted upon in the market building to-morrow along with three others of minor importance, and it is urged by those behind the project that all whose sympathies are in accord with the measure turn out and record his or her vote for it, as it is presumed that the heavy expenditure to which the city is already committing this year will induce the economic mortals of the community to try and have the scheme shelved for another year.

Since the by-law for the proposed sea wall was first formulated, and long before also, much has been said and written upon the necessity of having this work accomplished. The terrible scenes of last year, when the winter gales made such desecrating inroads upon the sanctity of the cemetery, would seem to have brought the council and the public to a sudden realization of the appalling spectacle they had been silent witnesses of, and since then strenuous efforts have been made to have the preliminaries for a permanent cure finally passed this year.

Consultations with experts on the subject of how best to deal with such a problem led to the conclusion that a sea wall was not only the best way, from the utilitarian point of view, but the best way also from the ornamental point of view, for once the wall is completed it will be possible to construct, or rather to extend the present driveway of Dallas road right round the bay and cemetery. Having arrived at the decision that a wall was the best method of putting an end to the devastating influences of the sea estimates of cost were prepared on that assumption and the necessary plans were drawn up.

These plans were the work of Cecil R. Case, an English engineer who is reputed to have a wide experience in sea wall construction, and it is confidently anticipated that in the event of the council deciding to adopt these plans the last will have been heard of the foreshore nuisance and the cemetery orgies.

When the by-law was being considered in council it was suggested, in view of the heavy expenditure to which the city was already committed, that it might be advisable to confine the by-law to the amount required for the protective work that could be carried out this year and to leave the balance to be voted upon next year on another by-law. The amount mentioned as capable of covering that portion of the work was \$50,000, and it was felt that that concession would give the by-law a better chance of passing the people.

As the work in question is undoubtedly of an urgent character it was felt, however, that it would be better to risk a fall on the scheme and be confident of its success, because nobody has ever been heard to state that the work was uncalculated for or premature, or indeed in any way unnecessary or undesirable; everybody is conscious of the gruesome results of continued negligence, and it seemed like trifling with the subject to go begging for support. Therefore, the vote is being taken on the whole scheme in the hope that the citizens will register their opinion in endorsement of the spirited action of the promoters of the work.

(Concluded on page 7.)

## STRIKE OF DOCK HANDS SPREADING

### CREWS ARE NOW DESERTING VESSELS

Prices of Provisions Advancing as Result of Supplies Being Held Up

Liverpool, June 28.—Four thousand dock hands joined the strikers to-day and work at the docks here especially is at a standstill. The Cunard, Canadian Pacific Railway, Dominion, White Star, Ellerman and other combined lines are all affected.

There is no question of wages involved in this extension of the strike movement. The dock men are fighting simply for the recognition of their union and the non-employment of the non-union men.

The crews of the Havford of the Red Star line, and other liners at the docks here have deserted their vessels in sympathy with the wharf employees. The Havford was due to sail for Philadelphia at noon and all her passengers had gone aboard when the seamen, firemen and stewards walked off the ship.

The stewards joined the crew of the Canadian Pacific Railway steamer Empress of Britain and the combined forces adopted a triumphal march from dock to dock, calling upon the crews of each big liner to join them. In a short time the strike had spread so rapidly that all the trans-Atlantic vessels here were deserted.

Provisions Held Up.  
London, June 28.—The shortage of butter, bacon, and eggs, of which enormous quantities are held up at Hull by the seamen's strike, is affecting the prices of provisions in England. Millers are giving notices to their staffs to quit work in consequence of stoppage of the supplies of wheat and flour. A congestion of coal trucks in all the northeastern ports through the inability to load colliers is disrupting the railroads.

The Shipowners' Association of the United Kingdom met in London to-day and adopted resolutions asking for increases in the wages of certain sections of the workers at certain points and recommended that the association fix a standard rate for wages. The meeting, however, opposed the demand for the recognition of sailors and firemen's union.

The general attitude of the shipowners showed a weakening from that first assumed toward the strikers. Many of the steamers are overdue to sail and this fact, combined with continued pressure on them from the board of trade to effect a conciliation, seems to indicate that the struggle will not be much further prolonged.

At Manchester.  
Manchester, England, June 28.—Three thousand dock hands here joined the seamen's strike to-day. The shipping business locally is paralyzed.

Troops Guard Sheds.  
Amsterdam, Holland, June 28.—Work on the docks practically ceased to-day. The striking dock men are parading the streets and large forces of cavalry and infantry are guarding the sheds.

Cargoes Employed in Moving Cargoes threaten to join the striking unless their pay is increased.

FELL FROM BURNING HOUSE.

Montreal, June 28.—Between fifteen and twenty men, mostly foreigners, had to jump for their lives as a result of a blaze that broke out at 2:45 o'clock yesterday in the three storey building at 540 St. James St. occupied by the restaurant Hubert, a lodging house peopled mostly by foreigners.

R. L. BORDEN IN ALBERTA.

Red Deer, Alb., June 28.—R. L. Borden spoke here last evening. He was presented with memorials by the United Farmers of Alberta. Mr. Borden repeated that he is unalterably opposed to reciprocity.

A CONTINUOUS, BUT UNDIGNIFIED, PERFORMANCE

## DOMINIONS AND IMPERIAL WARS

Melbourne Paper Comments on the Recent Imperial Conference

Melbourne, June 28.—The Melbourne Age says: "The ostentatious confidence trick by which Premier Asquith is supposed to have told the delegates to the Imperial conference some advice and war office secrets, is one symptom among many of the desire of Imperial statesmen to commit the Overseas Dominions to Imperial control in time of war. Australia has too high a sense of her own dignity and autonomous rights to be taken by such a bait."

SIGNALMAN KILLED.  
London, Ont., June 28.—A street car was struck by a Grand Trunk train at a street crossing last night. The motorman and several passengers were injured and the car thrown against a shanty occupied by a railroad signalman, Timothy O'Leary, killing him instantly.

## FORMER ALDERMAN ACCUSED OF BIGAMY

W. J. Cavanagh of Vancouver, Granted Freedom on Bond of \$10,000

Vancouver, June 28.—Ex-Alderman W. J. Cavanagh, a well known real estate operator, was arrested last night on a charge of bigamy. Later in the evening he was given his freedom on a bond of \$10,000. This morning his case was called in the police court but adjourned. The information against Mr. Cavanagh was sworn by Douglas Campbell, whose sister, Miss Lily Campbell, is now married to the accused and by whom he has one child. It is alleged that this marriage took place while Cavanagh was still the husband of Mrs. Mary E. Cavanagh, for many years a resident of Emory, Manitoba, and now living at 1121 Davis street, this city.

Mr. Cavanagh's career has been eventful during the last few years. He won a fair sized fortune as a realty operator, but was overladen with property three years ago when he held a seat in the council as representative of Ward 3. He left the city suddenly and was away for several months. Since his return his affairs have assumed better shape and he is said to be comfortably fixed.

It is understood that he was at one time in business with members of the Campbell family.

NEWMARKET RACES.

London, June 28.—The Plantation plate of 200 sovereigns for two-year-olds, distance five furlongs, run at Newmarket to-day was won by August Belmont's Toggery. Aurette was second and Green Clegh third. There were 24 starters.

## PUBLIC MEETING ON MONDAY NIGHT

RECIPROCITY AND OTHER ISSUES TO BE DISCUSSED

Hon. William Templeman, Dr. Clark, M. P., and R. J. Deachman Speak

On Monday evening next a public meeting will be held in the Victoria theatre, at which reciprocity and other political issues of the moment will be discussed.

Hon. William Templeman, Minister of Mines in the Laurier cabinet; Dr. Clark, M. P. for Red Deer, Alberta; R. J. Deachman, and other gentlemen will address the meeting. Dr. Clark is one of the best debaters in parliament, eloquent, keenly logical, a man in the prime of life and in general request everywhere as a speaker. A treat is in store for those who hear him.

The doors will be opened at half-past seven on Monday evening and the chair will be taken at eight o'clock. Seats will be reserved for ladies.

A convention representative of the Liberals of the province, for the purpose of formulating a platform, perfecting organization plans and electing officers, will be held in Vancouver on August 30, which date, falling in the exhibition week, will enable the delegates to take advantage of the excursion rates.

Each provincial constituency is entitled to send ten delegates for each member it elects to the legislature, so that a full representation will mean an attendance of over four hundred provincial delegates, fifty of whom will represent Victoria and Esquimalt, and another fifty Vancouver.

The summons to the convention is signed by John Oliver, Delta, provincial secretary, and J. C. McIntosh, Esquimalt, provincial secretary.

## ANGLO-AMERICAN ARBITRATION TREATY

Terms Agreed Upon With the Exception of Few Minor Details

Washington, D. C., June 28.—After a conference between President Taft and British Ambassador Bryce, announcement was made at the White House that the arbitration treaty between the United States and Great Britain was practically complete, and with the exception of a few comparatively unimportant details the terms of the treaty had been agreed upon.

NEW OFFICIAL.

London, June 28.—Sir J. Anderson, who received the thanks of Canada for his services on the Alaska boundary commission, has been appointed permanent under-secretary.

## FLAMES WIPE OUT MONTREAL CHURCH

Edifice Set on Fire by Lightning—Property Loss \$200,000

Montreal, June 28.—Thunder storms swept St. Jean and other towns in this vicinity yesterday afternoon. Lightning struck the church of St. Jean Baptist, Rachel street, and before the firemen could get the blaze under control the magnificent edifice was destroyed. The loss amounts to \$200,000. Heroic work by firemen prevented the blaze spreading. One fireman fell, breaking his leg. A magnificent organ was recently installed in the church, one which was of the finest on the continent. It was erected ten years ago, after the fire had wiped out the older edifice.

TAKES POISON BY MISTAKE.

Hamilton, Ont., June 28.—Mrs. M. Salpe, wife of a King Street tailor, drank carbolic acid in mistake for medicine and died within an hour.

## SCOUTS AND CADETS VISIT PORTSMOUTH

Men of Fleet Cheer Boys as They Pass Through Lines of Warships

Portsmouth, June 28.—The Canadian Boy Scouts accompanied by the Australian Cadets visited this great naval seaport to-day, inspecting the labyrinth of dockyard and viewing the fleet from the deck of H. M. S. Seahorse, an admiralty yacht. Nothing so impressed these boys, many of whom were born and bred in the heart of the Canadian prairies, as the sight of the great armada, swinging on its hawsers at Spithead, practically intact since the naval review of last Saturday. The Seahorse steamed through the triple line each ship dipping her ensign to the Admiralty flag as she went by and the jolly Jack tars cheering the boys of the Empire.

Afterwards they were entertained to luncheon in the noble town of Hull, where Mayor Scott Foster presented each scout with a coronation cup.

The visiting boys were accompanied by the Imperial cadets and the whole were quartered at the Royal Marine Light Infantry barracks where they were inspected by Commandant Oldfield. Later they visited the Isle of Wight lying across the Solent visiting Ryde and the historic castle of the Royal Yacht Squadron at Cowes. Col. Pym then took them over H. M. S. Victory, Nelson's battered old three-decker, which still flies the flag of the Port Admiral and lies on the Gosport side of the harbor opposite the jetty where the Dreadnoughts are commissioned. With reverence they marked the spot on the deck where Britain's great naval hero fell.

## TO-DAY'S BASEBALL

### NORTHWESTERN LEAGUE

At Portland—Seattle-Portland game was called off at 3:40 o'clock on account of rain.

### AMERICAN LEAGUE

At Cleveland—

First Game.

R. H. E.

Chicago ..... 4 6 1

Cleveland ..... 6 13 3

Batteries—Olmstead, Lange, Baker and Sullivan, Payne; Falkenberg and Smith.

At Boston—Boston-New York game postponed on account of rain.

### BURNS FOR ST. LOUIS.

Tacoma, Wash., June 28.—President

Shredder of the Tacoma Baseball club, announced to-day the sale of Catcher

Eddie Burns to the St. Louis National League club. No price is given but it is thought to be \$2,500. Burns will finish the season with Tacoma.

## WEAKENS EMPIRE'S NAVAL POSITION

### DECLARATION OF LONDON CONDEMNED

A. J. Balfour Principal Speaker at Non-Party Meeting in London

London, June 28.—Hon. A. J. Balfour spoke to-day at a non-party meeting of protest against the declaration of London. He said starvation and not invasion was the danger of this country. The seizure of the enemy's vessels was almost the only pressure we had against other powers, but the declaration was intended to hamper the right of any power at all to attempt an effective blockade and distinctly diminished the power of counter-attack which Great Britain exercised in the past.

A resolution to the following effect was carried: "The declaration seriously weakens the Empire's naval position, highly prejudicial to her commercial interests and gravely threatens her food supply in case of war."

### TO NOMINATE CANDIDATE.

Vancouver, June 28.—At the first meeting of the new executive of the Vancouver City and District Liberal Association, held last evening, it was decided to call a city convention together on Tuesday, August 22, to nominate a candidate for the federal constituency and to transact other business, among which will be certain minor amendments to the constitution.

### POLICE CHIEFS MEET.

Ottawa, June 28.—Seventh Annual convention of Chief Constables Association of Canada opened in the railway committee room of the House of Commons to-day. A letter from Regina extends an invitation to hold the convention next year at that point.

## ROYAL GUESTS ARE DEPARTING

### METROPOLIS STILL IN HOLIDAY MOOD

Preparations for Royal Procession on Thursday—Children's Day on Friday

London, June 28.—The principal coronation festivities are nearing an end, but subsidiary functions and social entertainments are still sufficiently numerous and important to keep London in a constant state of effervescence. While in one section of the city an army of workmen is busy removing decorations and stands, in another great numbers are erecting new arches and stringing bunting to do honor to their Majesties on the next royal procession Thursday. London is more or less in a holiday mood and the streets are filled with idlers and visitors.

On Friday the King and Queen will entertain at the Crystal Palace 100,000 children from the primary school. The head teachers are busy delivering many colored caps for the boys and muslin scarves for the girls, which will form an important part of the color scheme.

Each child will get his or her invitation card direct from Buckingham Palace. The boys to most of the thrones at Europe, the other princes and princesses and special ambassadors, who have been royal guests during the coronation period have said farewell to King George and Queen Mary, and the greater number have already left London. Throughout to-day special trains bound for the coasts followed one another. The Duke of Connaught attended each departure on behalf of His Majesty, while the regular embassies were present to say good-bye to the envoys of their respective nations.

The great coronation fleet at Spithead also dispersed, the foreign warships saluting the flags of Great Britain and the commander-in-chief as they passed out.

King George spent most of the day among the farmers at the Royal Agricultural School at Norwich. All to-day's papers show that with home politics once again upon the boil, the coronation has already passed into history.

The affability of the King and Queen at the Buckingham Palace garden party yesterday delighted everybody. The Duchess of Cornwall, wearing a gown of white material, with a touch of cerise on the bodice and cerise tipped ostrich feathers in her hat, were of special interest to Canadian guests, and made themselves most friendly. The Duke of Connaught and Prince Arthur were busy renewing Canadian friendships.

### TO NOMINATE CANDIDATE.

Vancouver, June 28.—At the first meeting of the new executive of the Vancouver City and District Liberal Association, held last evening, it was decided to call a city convention together on Tuesday, August 22, to nominate a candidate for the federal constituency and to transact other business, among which will be certain minor amendments to the constitution.

### POLICE CHIEFS MEET.

Ottawa, June 28.—Seventh Annual convention of Chief Constables Association of Canada opened in the railway committee room of the House of Commons to-day. A letter from Regina extends an invitation to hold the convention next year at that point.

## PUBLIC MEETING TO DISCUSS RECIPROCITY AND OTHER PUBLIC QUESTIONS

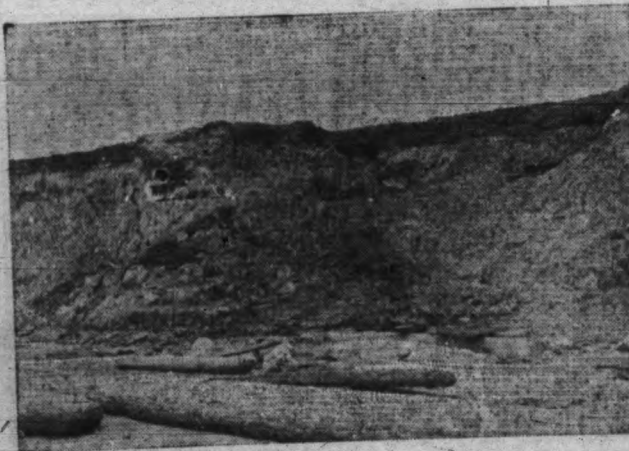

Will be held in

**Victoria Theatre**  
Monday Eve., July 3

HON. W. TEMPLEMAN  
DR. CLARKE, M. P.  
R. J. DEACHMAN  
and others will speak.

SEATS RESERVED FOR LADIES.

Doors open at 7.30. Chair taken at 8 o'clock.

WHY A CEMETERY WALL IS NEEDED

The above cut, taken from the seashore, shows how graves are being exposed by the constant erosion of the soil. The proposed seawall will put an end to this.

### YOU HEAR! When You Use WILSON'S COMMON SENSE EAR DRUMS!

The only scientific sound conductors. Invisible, comfortable, efficient. They fit in the ear. Doctors recommend them. Thousands testify to their perfection and to benefit derived.

### REPARATION FROM MEXICO DEMANDED

Revolutionists Force German Civil Engineer to Wait on Them Barefooted

Mexico City, June 28.—Because a group of revolutionists entrusted with the work of maintaining order at Stega De Metztilan, in the state of Hidalgo, forced Franz Reitter, a German civil engineer, to remove his shoes and then barefooted wait upon them like an ordinary servant, the German has demanded reparation from the Mexican government. He has also demanded indemnity for losses incurred by the companies for which Reitter was working. The government has ordered an investigation.

That he was not killed, Reitter ascribes to poor marksmanship. Another man was killed by the volley fired at him, he says.

The warehouse of the company is said to have been sacked and burned.

### QUEBEC CENTENARIAN.

Quebec, June 28.—Ambrose Guay, the oldest citizen of Quebec, celebrated his 10th anniversary Monday. Three hundred relatives took part in the celebration.

### New Technola PIANO

The Technola gives you a playing ability afforded by no other player-piano made, save only the higher priced Pianola Piano.

With its player features hidden behind artistic panels, its splendid action and beautiful tone make it a delight as a hand-played instrument.

As a player it possesses advantages of execution and expression control that only the Aeolian Company—the world's leading experts in player construction—could produce.

When you have made up your mind to secure for your home the advantages offered by a player-piano, it will be to your best interests to see and try this latest production of the world's foremost music manufacturers, before making a selection.

Prices \$600 and \$700

### Hicks & Lovick Piano Company, Ltd.

Opposite Post Office  
Agents Steinway, Weber, Steck & Stuyvesant Pianola Pianos.

### LIVELY BATTLE OVER WITNESS

Mrs. McManigal Threatened With Imprisonment If She Refuses to Testify

Los Angeles, Cal., June 28.—With the defence declaring that Mrs. McManigal would not appear before the grand jury again except by direct order of the court, and the prosecution asserting that it desired her to appear early, a lively battle over one of the principal witnesses in the case against John J. and James B. McNamara, alleged murderers by the use of dynamite, seemed imminent today. Officials of the district attorney's office declared the woman would be arrested and imprisoned if she did not testify.

Mrs. McManigal, her attorney asserted, was still suffering from the ordeal of yesterday when her husband was arrested to have imported her to join him in aiding the prosecution in the trial of the McNamaras. Her attorneys asserted that they had no intention of permitting her to suffer similar treatment to-day without making every effort to prevent it.

On the other hand, officials of the prosecution said they desired to give her a last opportunity to testify and thus avoid threatened punishment for contempt. W. H. Darrow and his assistants declared there still was a possibility of their asking for a change of venue, but the matter has not been definitely determined.

Will Institute Proceedings.  
Los Angeles, Cal., June 28.—(Later)—Attaches of the district attorney's office announced that every effort would be made to institute contempt proceedings to-day against Mrs. McManigal unless she experienced a sudden change of front and evinced a willingness to answer questions before the grand jury.

This followed the reading by the officials of the announcement by Clarence Darrow, Jas. Harmon, Joseph Scott and Leconte Davis, attorneys for the McNamara brothers, that they would not permit Mrs. McManigal to go to the grand jury room again except by direct order of the court.

The prosecution also alleged that the defence refused to permit McManigal, the alleged confessed conspirator, to see his children, despite his frequent requests.

INJURES BUSINESS.  
Board of Trade of Siberian Town Wants Order Excluding Jews Suspended.

St. Petersburg, June 28.—The ministry of trade is negotiating with the ministry with a view to the temporary suspension of the order of the governor of Tobolsk, Siberia, prohibiting Jews attending the fair at Tyumen. If the ministry of the interior does not grant this concession the other ministry will take the case before the council of ministers.

Premier Stolypin holds the post of interior affairs, and the present action was taken following a telegraphic appeal from the board of trade at Tyumen setting forth that the exclusion of Jews from the city was injurious to business. The premier recognizes that the order of the governor of Tobolsk is in accordance with the letter of the law, but the law has never been applied vigorously.

STRIKE RIOTS.  
Philadelphia, Pa., June 28.—Disturbances about the plant of the Baldwin Locomotive Works, where a strike of more than 5,000 men has been in progress for three weeks, are becoming more frequent. Yesterday a trolley car carrying Baldwin workers was attacked by strike sympathizers with stones and bricks. No one was seriously hurt, but the police made a number of arrests.

DIES FROM INJURIES.  
Nantucket, Mass., June 28.—Another victim of the fire that destroyed the boathouse here of William Barnes, Jr., the New York Republican leader, last Saturday, died Monday, when Thomas Kerr of New York, succumbed to his injuries. Kerr was badly burned in an effort to rescue Miss Helen Wilson of New York, and Miss Mildred De Haven of Brooklyn, who were trapped by the flames and burned to death.

JEWELRY SMUGGLING.  
New York, June 28.—Customs officials are making every effort to bring to light every phase of the Jenkins \$300,000 jewelry smuggling case, where ramifications are now said to involve a prominent New York financial man. The New York Times said to have been the father of the scheme whereby the goods valued at nearly \$2,000,000 were smuggled into this country. Two and possibly more customs officers are said to be in the plot.

BOY SUFFOCATED.  
Kansas City, June 28.—Curiosity caused Theodore E. Fisher, eight years old, and his brother Robert, ten years old, to remove the taps from gasoline tanks in an airtight compartment of their father's cleaning and pressing shop yesterday. When their uncle, Edward Fischer, entered the room a few minutes later, Theodore was dead from breathing the fumes, and Robert was barely alive. Both were lying face downward in the liquid, which covered the floor to a depth of several inches.

BURNED TO DEATH.  
Snohomish, Wash., June 28.—Jacob Bird, 72 years old, was burned to death about 9 o'clock Monday, when the Stinson Logging works, three miles from Snohomish, when the small shack in which he was living burned to the ground. Bird had lived alone for many years and no one was present to tell how the fire occurred. After the fire his charred body was found lying beside the burned bed.

—All the butcher shops in the city will be closed all day Saturday, July 1st, Dominion Day. Stores open late Friday evening.

### RECIPROCITY DEBATE IN U. S. SENATE

Iowa Senator Offers Amendments to Agriculture Provisions of the Bill

Washington, D. C., June 28.—With a continuation of the debate on the Canadian reciprocity bill, the speech of Senator Cummins of Iowa was the fixed event of the Senate to-day. Senator Borah of Idaho, whose speech was interrupted by the storm that swept over the capital yesterday and caused a quick adjournment of the Senate because the proceedings could not be heard, expected to continue his remarks if Mr. Cummins yielded the floor during the afternoon.

The session was figured as an anti-reciprocity day from the Republican insurgent's standpoint. It was expected also that Senator Owen's speech on the commission form of government would be delivered if the opportunity offered.

Referring to the Canadian bill as "the drama now in progress in the Senate of the United States," Senator Cummins offered important amendments to the agricultural provisions of the reciprocity measure.

Senator Cummins's amendments proposed to admit free from Canada both raw and manufactured agricultural products, including fresh meats, canned meats, barley, malt, steel, iron, woolen goods, cotton goods, silk and leather goods. The amendments apply only on the American side of the line.

Senator Cummins said it was apparent Republicans and Democrats favoring the bill had determined to submit to the repeated statement that the president would accept no amendments to the Canadian agreement. "I make no comment on this situation," said he, "save that it seems to be an abdication of the duties of the Senate and an abandonment of its responsibility."

Senator Bristow of Kansas, insurgent Republican, declared that President Taft does not represent the majority of the Republican party on the reciprocity bill. "He does not represent the majority of Republicans in the House or in the Senate," said he, "and I do not believe he represents a majority of Republicans of the country."

### RECORD NUMBER OF CABIN PASSENGERS

The Olympic Carries 2,205 Persons on First Trip From New York

New York, June 28.—The largest number of cabin passengers that ever left this port on a single ship boarded the White Star liner Olympic to-day to sail for England. The Olympic, the largest steamship afloat, starts the second half of her maiden trip, with 2,205 passengers in her three cabins, besides sixty maids and valets. The cost of sailing her from Southampton and back is \$175,000 and the return from passenger fares will be \$325,000. During the steamer's stay here more than 12,000 persons paid fifty cents each to inspect her. The money went to the seamen's orphan fund.

TEN MILLION DOLLAR MERGER.  
Montreal, June 28.—A big ten million dollar navigation merger was completed Monday, including the Richelleu and Ontario, Northern and Inland Navigation companies.

CUSTOMS FRAUDS.  
New York, June 28.—Extensive frauds against the government through the under-valuation of importations of lace from Syria, have been disclosed in proceedings before the board of United States general appraisers. The under-valuations are declared to have caused the loss of hundreds of thousands of dollars to the treasury department within the last ten years.

EXPLOSION KILLS TWO.  
Peoria, Ill., June 28.—An explosion at the plant of the Western Powder Company at Edwards station, resulted in the death of two men and the demolition of the plant. The explosion is supposed to have been started by a spark. The bodies of two men were blown a distance of fifty feet and terribly mangled.

## ALLEGED COMBINE OF MAGAZINES

CIVIL SUIT HAS BEEN  
 FILED IN NEW YORK

Periodical Clearing House De-  
 clared to Have Stifled  
 Competition

New York, June 28.—A civil suit was  
 filed in the United States court yester-  
 day for the dissolution of the Periodical  
 Clearing House and about a score of  
 magazine defendants. The petition,  
 filed by District Attorney Wise, alleges  
 unlawful combination and conspiracy  
 to restrain interstate trade and foreign  
 commerce in magazine and other  
 periodicals.

The petition charges that the de-  
 fendants, since 1909, have been en-  
 gaged in an illegal combination, the  
 dissolution of which is asked for. The  
 proceeding in equity is against the  
 Periodical Clearing House, Crowell  
 Publishing Company, S. C. McClure &  
 Co., Current Literature Publishing Co.,  
 Phillips Publishing Co., Harper &  
 Bros., Leslie Judge Co., Review of Re-  
 views Co., International Magazine Co.,  
 New Publication Co., Butterick Pub-  
 lishing Company, Standard Fashion  
 Publishing Co., Ridgeway Co., Ameri-  
 can Home Magazine Co., Short Stories  
 Co., hereinafter referred to as defend-  
 ant-publishers; Frank N. Doubleday,  
 Herbert S. Houston, Frederick L. Col-  
 lins, Charles D. Lanier and George  
 Vonotassay.

The Periodical Clearing House, in  
 the petition, is described as a corpora-  
 tion organized under the laws of the  
 state of New York carrying on a busi-  
 ness throughout the United States and  
 foreign nations with its offices and  
 principal place of business in this city.  
 The Suburban Press, a New York  
 publication; Good Housekeeping, a  
 Massachusetts corporation, and Ham-  
 pton's Magazine, a New York corpora-  
 tion named with defendants, are the  
 stockholders of record of the defend-  
 ant, Periodical Clearing House. Dou-  
 bleday, Collins, Houston, Lanier and  
 Vonotassay, constitute its board of di-  
 rectors and Houston, Vonotassay and  
 Lanier are respectively its president,  
 vice-president, and secretary and  
 treasurer.

The petition recites that prior to  
 July, 1909, there were upwards of  
 20,000 corporations and individuals  
 publishing and selling periodicals in  
 free competition, but that following  
 the forming of the Periodical Clear-  
 ing House in July, 1909, notices were  
 sent to subscription agencies and  
 agents notifying them that they would  
 have to sign a contract with the  
 Periodical Clearing House. If such  
 agencies intended to conduct further  
 business with the "members" of said  
 Periodical Clearing House.  
 The petition then recites that the  
 Periodical Clearing House prepared  
 also a so-called official list of maga-  
 zines and periodicals containing rules  
 governing sales of subscriptions and  
 the "Publishers' Wholesale price list."  
 It is alleged that the clearing house  
 had a system of fining offending  
 agents.

### LEVEE INCIDENT CLOSED.

Melbourne, June 28.—The unfortunate  
 incident arising out of the non-attend-  
 ance of the members of the Common-  
 wealth government at the coronation  
 levee given by the Earl of Dudley at  
 Government House, has been settled  
 satisfactorily. The ministers have ex-  
 plained—as they did when first ap-  
 proached—that the occurrence was  
 purely an accidental coincidence, each  
 of the members of the cabinet leaving  
 it to someone else to put in an ap-  
 pearance. The Earl of Dudley has now  
 professed himself satisfied that no slight  
 to the representative of his Majesty  
 was intended, and the incident is re-  
 garded as closed.

### WAPPENSTEIN'S TRIAL.

Seattle, Wash., June 28.—The jury  
 that will try Charles W. Wapenstein  
 upon the charge of accepting a bribe of  
 \$1,000 from Gideon Tupper and C. J.  
 Gerald for permitting them to operate  
 crib houses while he was chief of police  
 of Seattle was sworn in late yesterday.  
 A satisfactory jury was only secured  
 after an examination of 46 veniremen  
 and after the state had exhausted its  
 three preemptory challenges and the de-  
 fense the six allowed.

## THINKING THEMES.

BY DR. FRANK CRANE.

Whatever a man's creed, there's a  
 good deal of him that does not believe  
 it. Whatever a man's crime, there was  
 some of him that protested. Whatever  
 a man's goodness,  
 it is flecked on  
 the underside with  
 ugly spots. Let  
 us deal reverent-  
 ly with one an-  
 other, and with  
 awe; we are all  
 so complex. It  
 should not be so  
 hard to believe in  
 God, for man  
 himself is scarce-  
 ly less wonderful.  
 The universe is  
 just as great and  
 amazing inside of  
 me as outside.  
 Immanuel Kant  
 marveled when he looked into his own  
 heart, as when we looked up at the sky.  
 So the stars over our heads are no less sub-  
 lime than my soul which mirrors them;  
 thunder and lightning among the  
 clouds are matched by storms of pas-  
 sion within me as terrible as they; my  
 memory is a greater thing than the  
 British Museum, for it is a living mu-  
 seum; my will is greater than gravita-  
 tion or electricity or gunpowder, for it  
 can use them, and they cannot hedge  
 it; my imagination is more wondrous  
 than the Vatican gallery, for its pic-  
 tures come and go with instant swift-  
 ness, and my conscience is as myster-  
 ious and as majestic as the substance  
 of God Himself.  
 Let a man reverence himself. Then  
 he is not far from believing in God.

## WILL SOON START GRADING OPERATIONS

Sub-Contracts on Hope-Kam-  
 loops Section of C. N. to Be  
 Awarded Immediately

Vancouver, June 28.—Construction  
 work along the route of the Canadian  
 Northern Railway between Hope and  
 Kamloops, a distance of 153 miles,  
 will soon be in full swing. The offi-  
 cial name of the successful tenderer  
 is the Northern Construction Company  
 and Welch. Mr. Welch is also a mem-  
 ber of the firm of Messrs. Foley,  
 Welch and Stewart, which is building  
 the Western division of the Grand  
 Trunk Pacific Railway. He reached  
 here yesterday from Spokane, Mr.  
 Mann, president of the Northern Con-  
 struction Co. They will then be oc-  
 cupied a few days in awarding sub-  
 contracts, scores of sub-contractors  
 having reached here during the past  
 few days.

Mr. Welch announced that numer-  
 ous plants are now en route to the  
 scene of future operations and will be  
 distributed without any delay. He saw  
 no reason why actual grading oper-  
 ations should not be in full blast with-  
 in the next fortnight. The work will  
 be the heaviest in the west since the  
 completion of the C. P. R.

Mr. Welch is accompanied by a  
 number of other railway contractors  
 from Spokane, including his brother,  
 Martin Welch, A. E. Griffin and S. C.  
 Anderson, and W. F. Carey of St.  
 Paul.

Mr. Welch is famed for his execu-  
 tive ability. He will have his hands  
 full during the next month organizing  
 his forces and distributing his large  
 plant which represents an investment  
 of over a million dollars. The equip-  
 ment includes compressors and rock  
 drilling outfits, steam locomotives,  
 dump cars and hundreds of horses.

## CIRCLES ABOVE NIAGARA FALLS

Aviator Makes Daring Flight  
 —Swoops Beneath Arches  
 of Steel Bridge

Niagara Falls, N. Y., June 28.—With  
 a roar of his biplane motor drowned in  
 the roar of the cataract, and man and  
 machine momentarily obscured in spray  
 and mist, Lincoln Beachey, the Cali-  
 fornia aviator, yesterday, after circling  
 above the falls, swooped beneath the  
 arches of the upper steel bridge and  
 down the gorge almost to the whirl-  
 pool. Rising again between the sides of  
 the lower river, Beachey soared to the  
 Canadian side where he made a suc-  
 cessful landing. It was the first time  
 that a birdman had cut through the  
 air currents and mist clouds and leap-  
 ing foam caused by Niagara Falls and  
 rapids.

When he crossed the American falls  
 he was about 2,000 feet in the air. In a  
 great sweeping circle, he swung to the  
 north and over the Horseshoe falls.  
 Dropping as he circled, on his second  
 circle he went well to the southwest  
 before beginning his low flight towards  
 the upper steel arch bridge under which  
 he was to pass. Swinging again to the  
 north and travelling about 50 miles an  
 hour, he went probably not more than  
 200 feet over the Horseshoe and through  
 its spray.

Once over the cataract he lowered  
 his plane, and rushing with the wind  
 estimated at 60 miles an hour, he dip-  
 ped quickly under the arch. As he did  
 he caught some of the wash off the  
 outlet of the power tunnel, which shoots  
 over the rock side of the precipice. At  
 no time from his final dip until he was  
 clear of the structure was the biplane  
 more than 30 feet above the spume.

The space through which he flew is  
 100 feet high and barely 100 feet from  
 side to side. The distance from the  
 brink of the falls to the bridge in which  
 he made the dip is about 400 yards.

## LUTHER LETTER FOR THE KAISER

Presented by J. P. Morgan Who  
 is Decorated by Em-  
 peror William

Kiel, June 28.—J. Pierpont Morgan  
 yesterday presented Emperor William  
 with the autograph letter written by  
 Martin Luther to Emperor Charles V.  
 and for which the American lately  
 paid \$25,000. His Majesty was im-  
 mensely pleased and forthwith con-  
 ferred the grand cross of the order of  
 the Red Eagle on Mr. Morgan.  
 The Luther letter was written in  
 1521 during the reformer's return in  
 January for the Diet of Worms, and  
 described the proceedings and de-  
 fended his attitude. The letter never  
 reached the Emperor, as its contents  
 were such that no one dared deliver  
 it.

A Florence dealer representing Mr.  
 Morgan obtained the epistle at an  
 autograph sale at Leipzig, Saxony, on  
 May 3 last.  
 As soon as it became known that the  
 historic document was to go to  
 America the annoyance of the German  
 public was expressed in many news-  
 paper editorials.

### FISK EXECUTED AT CALGARY.

Calgary, June 28.—John Fisk was  
 hanged yesterday for his share in  
 the death of Tucker Peach, over a  
 year ago. The execution took place at  
 four minutes past six. After the exe-  
 cution Sheriff Van Wart said that Fisk  
 protested his innocence. For a couple  
 of hours previous to the execution,  
 Rev. Mr. Kirby was with the con-  
 demned man, and after administering  
 the last sacrament Fisk walked to the  
 scaffold bravely. A large crowd was  
 on hand early in the morning and climbed  
 telephone poles adjacent to the yard  
 where the gallows had been erected.  
 They were chased down by city police  
 and then some mounted box cars in  
 the C. P. R. yard and saw the execu-  
 tion.

The jury reported that Fisk's death  
 was instantaneous. The body was  
 turned over to relatives.

The death watch is also keeping a  
 strict guard on Thomas Mitchell Rob-  
 ertson, who is also condemned to die  
 for the same crime.

## SOME ANCIENT HISTORY.

Before proceeding to the analysis of the third and following planks in the new platform of Mr. R. L. Borden, the Times proposes to devote a few moments to an audit of the political assets of the Conservative party as represented by the utterances of its leaders from time to time within the last twenty years. It will be admitted that at the present time all that the Conservative party has to realize upon is the promises and pledges of Mr. Borden and the basic principles upon which his party is founded. Whether these will be taken at par by the creditors of that party appears to be growing less likely as the bills are handled and their genuineness becomes suspected. If tendered currency bears on its face the evidences of counterfeit it is criminal to attempt to negotiate it or put it into circulation. Political currency must conform to the same law or those passing it will be liable to conviction and sentence by the jury and the people. The tender of Mr. Borden is a fitting subject of examination because of his far cry that the Liberals are offering spurious coin.

One of the most unfair attacks upon the Liberal agreement for reciprocal trade relations with the United States is the representation that Sir Wilfrid Laurier abandoned reciprocity in 1897, the year after he came into power as Premier of Canada. Mr. Borden himself iterates and reiterates this misstatement and the opposition press from ocean to ocean harp upon it with all the variations of concealed imagination. To support this allegation they make a partial quotation from a statement made by Sir Wilfrid Laurier at the Colonial Conference of 1897. The statement attributed to Sir Wilfrid is this:—

"There was at one time wanted reciprocity with them, but our efforts and our offers were negotiated and put aside and we have said goodbye to that trade. We have put all our hopes upon the British trade now."

We are well aware that the younger generation, being unacquainted with what Sir Wilfrid really did say fourteen years ago, and not having before them his actual address from which these words are taken, would be led to infer that his recent attitude and the action of his ministers appears like a reversal of policy. That part of Sir Wilfrid's speech at the Colonial Conference which referred to preferential trade with Great Britain was as follows:—

"Between the preferential tariff and the general tariff we have now an intermediate tariff. The object of this intermediate tariff is to enter into negotiations with other communities to have trade arrangements with them. It has been supposed that this was to hit our American neighbors. With our American neighbors we should be only too glad to trade on a better footing than at the present time. We are next door neighbors and in many things we can be their best market. We should be glad to trade with them; but it never was intended, nor thought at the time, that this intermediate tariff could apply to the United States. There was at one time wanted reciprocity with them, but our efforts and our offers were negotiated and put aside, and we have said goodbye to that trade, and we have put all our hopes upon the British trade now."

The whole paragraph is not interpretable in the sense in which the last sentence is used by Mr. Borden and the Tory press. It only shows that Sir Wilfrid, in common with the Conservative leaders themselves, had lost hope of any reciprocal concessions from the United States. The excited rant was the attention from Washington at that time. There is not a suggestion that Sir Wilfrid or the Liberal party ever abandoned the position which was stated by Sir Wilfrid in the part of the speech above quoted. As late in 1897 the Liberal party was willing to enter into a reciprocity pact, but they felt that it was hopeless and they naturally turned to "other countries"—preferably Britain—for an extension of their foreign trade.

The disappointing history of Conservative attempts to negotiate a reciprocity treaty with the United States is worth reviewing. In 1888 Sir Charles Tupper stepped in the House of Commons, in explanation of his negotiations with Washington, "the instructions with which I was charged by this government were to obtain, if it was possible, as near an approach to the reciprocity treaty of 1854 as I could obtain—that is, the policy of carrying out free exchange in the natural products of both countries. I was to urge that policy." Sir Charles failed in his mission. In 1891 Sir John A. Macdonald gave as his reason for dissolving parliament that he wished the mandate of the people to negotiate a reciprocity agreement with the

United States in natural products. He secured that mandate, but failed to negotiate his treaty. In response to the request of the British government and in connection with the settlement of some disputed matters relating to the deep sea fisheries the Washington government had invited representatives of the Canadian government to Washington to discuss the reciprocity proposals, but no agreement was reached and the Canadian ministers came home disappointed. Sir John tried again and again failed.

In 1894, however, when Hon. Geo. E. Foster was minister of finance, a standing offer of reciprocity with the United States was renewed. (See Customs Act 1894, clauses 7, 10, 11 and 12). Mr. Foster in his speech in the House boasted that "legislative reciprocity, so far as trade is concerned, shines out from the propositions that the government put before the House to-day." (Hansard, 1894, page 1558 and the context).

In 1896 the Liberal party came into power, but up till that date there has not been a hint of a change in the policy of the Conservative party on the reciprocity question until Mr. Borden took that "momentous step" some three months ago. Mr. Borden complains that "no one forty years of age in Canada to-day has had a chance to vote on this question." It is true that no one has had a chance since 1891, which is twenty years ago. No one forty years of age to-day was old enough to vote at that time, but many who were just in their majority at that time—twenty one years of age—cast their first votes for reciprocity, electing the Conservative party to power on that issue more than any other and there is no indication that they have changed their minds to-day. Mr. Borden, tied hand, head and heart by his allegiance to the protected interests of Canada, is the first man who has had the courage on behalf of the Conservative party to completely reverse their ancient policy. The Liberals have never abandoned that policy and it is by reason of their consistency and the policy of low tariffs that they were invited to Washington last year without the kindly intervention and the good offices of the British government.

The Times takes the trouble to recall these things, as there are many middle-aged men to-day who have either forgotten or never knew the historic attitude of the two parties upon this question. The more the history of these two contending parties is investigated the more it will be found that the position of the Liberals to-day is natural, unaffected and consistent, while that of the Conservative party is but the logical quandary in which it finds itself as the result of the protective policy enacted in 1878. So far as being satisfied with the results of that policy after thirteen years of trial, in 1891 they sought to modify it in almost exactly the same terms as that which has been effected by the Liberal party to-day. They would have abandoned their high tariff on natural products in the interests of the whole country then. They could not achieve this, and their rage to-day is but the narrow consequence of that failure. It was the avowed policy of Sir John A. Macdonald in instituting the National Policy to protect the manufactures of Canada. He did not see far enough ahead to discern that by high tariffs he was dealing unjustly with the farmer and the consumer and only after the painful discovery of this fact did he unsuccessfully attempt to retrieve his mistake.

## LEVYING OF TAXATION.

A customs tariff is a device for raising revenue. It is therefore a system of taxation. Under a statesmanlike administration a tariff may be so applied that it may yield a maximum of revenue to the exchequer with a minimum of protection to the industries or interests concerned. Under an statesmanlike administration the system may be so manipulated as to yield a minimum of revenue to the treasury with a maximum of advantage to the protected interests, giving them unjustifiable opportunities for levying taxation upon consumers. There can be no gainsaying the above interpretation. It is a statement of facts. The truth involved has become so manifest to the people of the United States that in that country to-day there is a revolution against the abuses which of recent years have been perpetrated upon consumers in the name of protection.

Yet Mr. R. L. Borden is an avowed adherent of a system which is discredited to-day in the country which has hitherto been the chief exponent of the protective principle. The Conservative leader would even go farther than high protectionist governments in the United States have gone. He says he would take the tariff entirely "out of politics." He wants to place it in the custody of a commission independent of parliament. That is to say, he would take the right or the power of imposing taxation away from the duly elected representatives of the people at large and turn it over to a commission absolved of all responsibility for its actions.

Now the hands which pull the strings actuating the movements of this puppet posing as a statesman are well known. It is therefore not difficult to apprehend either the character of a tariff commission appointed by a government led

by Mr. Borden or the quality of the system of taxation it would impose. The Colonist of course supports its leader's grotesque proposition. But may we be permitted to doubt whether the people of Victoria or of Canada will endorse any such reactionary idea as transferring the right of levying taxation from the control of their elected representatives to an irresponsible body of commissioners.

## CORONATION HONORS.

The morning paper says it neither knows nor cares why Max Aitkin, the Nova Scotia merger-promoter, was chosen for the honor of knighthood. The position of the Times is that it cares but it does not know. The distribution of coronation honors seems to be over, as it is scarcely probable that others will be bestowed to mark that great event weeks after it has taken place. But in expressing that opinion the Times does not profess to speak by the book. It was because the short Canadian list included a knighthood to Mr. Max Aitkin to the exclusion of others more deserving that the Times commented upon the remarkable character of the selections. The morning paper's understanding that Canadian honors are approved by the Canadian Prime Minister may be correct, or may be incorrect. We have never known where the initial responsibility rested. Honors are the gifts of the King and not of the government; in Canada the Governor-General is the representative of the King. Ministerial responsibility is the same in Canada as in Britain and it may be that while the bestowal of Canadian honors is the personal act of the King, acting upon the advice of his viceroy, the government of the day assumes full responsibility therefor. The theory that the King can do no wrong is made effective in practice by responsibility for all acts, right or wrong, being assumed by the King's constitutional advisers. The question is one of very great and very grave difficulty. Honors conferred upon Canadians most assuredly should have the approval in advance of their bestowal of the Prime Minister of Canada. But have they?

D. J. Wylie, M. P. P. for Maple Creek, Sask., said at Mr. Borden's meeting at Medicine Hat that he repented his action in voting for reciprocity in the legislature. Thus another cold feet Conservative has signed his political death warrant.

Down East they have dubbed Mr. Borden's policy, "The Chinese Policy." It is, "Let well enough alone." But out West we know that even the Chinese have abandoned this traditional solomonic. Let us not be unjust to the Chinese.

Four new and important industries are establishing branch plants at Hamilton, Ontario. Among them is the Standard Underground Wire Cable Company and the Boston Insulated Wire Cable Company, both of which will spend large sums establishing plants. The American manufacturers are surely after the Canadian goat. No one ever heard of these things until reciprocity became an almost assured fact.

The Socialist party of Canada has been split in twain. Perhaps more than twain, for we have still to hear from Nanaimo local No. 3. Anyway "late local No. 24" has set up house for itself and calls its new self "The Socialist Party of North America." Hawthornthwaite, Western Clarion and Cotton's Weekly are the chief causes alleged in the pamphlet announcing the new departure. No. 24 is an eastern ex-local and one of the strongest in Canada. Yes; the world do move.

No! The Times is not eating any crow, having an appetite for even bigger and if possible blacker birds. The Colonist is very palatable these days with one fault—it is far from satisfying. The Times believes that nearly all who read the Colonist in Victoria also read the Times, and we place a certain amount of complacent confidence in the intelligence of the reading public. When our contemporary daily denies a quotation taken verbatim from its own columns we think we have a little too much quiet dignity to open a discussion on the subject.

The Colonist this morning attempts a belated explanation of the suspicious circumstances connected with the recent exposure of the affairs of the Fraser Land Company. It is another singular coincidence that this belated reply comes along about the time that reply to a request for "instructions" from the Attorney-General should arrive. As there is manifest error in the article appearing in the morning paper, as to dates given, the Times, just as a matter of courtesy to a contemporary, will give the Colonist a chance to revise its article before we take the trouble to reply.

We hope no ratepayer of the city will overlook the fact that several important by-laws are to be voted upon to-morrow. The most important of the measures to be submitted is unquestionably that providing for raising the sum necessary for the permanent protection of the cemetery and the fore-

# A Large Assortment of White and Colored Duck Skirts, on Sale From \$1.75 to \$5.75

AT \$1.75 we are offering a splendid line of Skirts in dark blue duck; also in blue and grey linens, chiefly in plain gored styles. These are very strong and will launder well.

# DAVID SPENCER, LIMITED

shore adjacent thereto. This is a matter that must be undertaken some time, and the longer it is postponed the more difficult and costly it will prove. Apart altogether from the sentimental aspect of the case, the conservation of the foreshore is a work of public utility. Aid. Langley and Peden are to be commended for their unremitting attention to the subject, and we hope the ratepayers will show appreciation of their efforts by voting solidly for the by-law.

## ORANGE GRAND

## LODGE IN SESSION

Four Hundred Delegates Are Present at Meeting—Ne Temere Decree

Winnipeg, June 28.—The eighty-second annual convention of the Orange Grand Lodge of British America opened in Winnipeg at noon with very few exceptions of the Dominion representation. For two days the Black Chapter and higher degrees of the Orange organization have been holding sessions in the city. About four hundred visitors are in Winnipeg attending the convention.

One of the chief topics the grand lodge will be called upon to discuss will relate to the Ne Temere decree. It is said a movement will be started by which in every village and town and meetings will be simultaneously held to petition the Dominion government to pass a uniform law concerning marriage which will invalidate the Ne Temere decree in the Dominion.

Many men prominent in the Orange order from all parts of the Dominion

and the States are present. Officers will be elected to-night.

## YOUNG WOMAN

## LEAPS TO DEATH

Jumps From the Seventh Story of Hotel in San Francisco

San Francisco, Cal., June 28.—Miss Florence E. Cushing, of Boston, committed suicide to-day by jumping from the seventh story of a local hotel, where she registered yesterday on her arrival from Honolulu. According to a note scratched on the back of an envelope found in her room, "troubles had made her desperate."

In the letter she asked that her brother, C. E. Cushing of Needham, Mass., be notified of her death. Miss Cushing arrived from Honolulu on the Sierra. She registered at the hotel, without giving her address, as Miss F. Cushing. In the note which she left she made clear that she intended to jump overboard from the vessel, but found no opportunity.

She was seen by the landlady to-day sitting on the casement of her window, she was cautioned to be careful lest she fall. She answered there was no danger of that. A few moments later she was picked up by a passerby in the street below. Death occurred before the Emergency Hospital was reached.

The ticket belonging to the young woman was bought in Boston January 25, and was good for nine months' tour of the Pacific Coast.

—All the butcher shops in the city will be closed all day Saturday, July 1st, Dominion Day. Stores open late Friday evening.

## NOSES IN TROUBLE.

Peculiar Accidents That Leave Insurance Companies Liable.

The traditional "broken nose" that follows the arrival of the stork, is not provided for by insurance companies on this side of the water. One has to seek a London Lloyd's policy. But accident companies are often called on to pay claims resulting from literal injuries to the "noses" of their policyholders. Some recent instances emphasize the liability of the everyday man—especially the town-dweller—to accidents which, if comparatively trifling, may involve considerable monetary loss. The Budget of Baltimore recently narrates a number of Canadian accidents—among others that have come to the attention of the Casualty Company of that city.

A Montreal man leaving a street car, slipped and struck his nose on a curb, injuring himself so badly that he was taken to a hospital. An assured of Saint John, New Brunswick, was driving behind a horse that shied at a dog and overturned the wagon; his nose and shoulder were smashed, and for two weeks he was at home on the company's payroll. Another Canadian of Montreal was thrown by a horse that reared at an automobile; his nose was broken.

Sometimes, according to the Budget, automobiles excel the street cars as proboscis punishers, the favorite method of nose fracture being the sudden bounce. An assured of Saint Paul, out in auto with some friends, went up in the air as the car hurdled an obstruction; his nose was caught somehow in the framework of the car and literally turned inside out, an operation being necessary before it could be brought back to normal. An autoist of Duluth was bounced as his car went over a street crossing, and broke his nose against the top of the automobile.

However, the automobile does not depend solely on the bounce for assaults upon the nose. While an autoist of Saginaw was cranking his car the crank flew from his hand and cut his nose to the extent of \$23 disability indemnity.

But there is no end to the accidents that outrage the nose of a man.

"There is no knowing what a man's nose will get him into next," concludes the Budget. "It is the most forward thing he has, and even a modest man cannot keep it from projecting so obviously that when trouble comes the first thing it bumps into is his nose. It needs to be insured."

## MARRYING TROUBLE.

Leland and Lorand Tabler, twins, of Austin, Texas, who are partners in business at Adrian, Mo., married Alma and Alta Moore, who are also twins. The bridegrooms resemble each other so much that only close friends can tell them apart. The brides are so much alike in looks that members of their own family can hardly tell which is which. In order that there might be no mix up of bridegrooms and brides at the double wedding each of the four principals wore different colored flowers.

Two residences, just alike and side by side, await the homecoming couples.

# NEWS OF SPORT

## WARD AND THOMAS WIN FOR ISLANDERS

### Youngsters' Hitting Scores Four Runs in Fourth—Raymer is Taking Rest

Jockey Ward's double, followed by "Smoke" Thomas' four-bagger in the fourth inning, brought in four runs and safely staved yesterday's game away, beyond the reach of any attempt at fleeing by the Tigers. Starkell was hit more frequently than Blaine Gordon, but he used his head to such good purpose that the visitors' blunders did not account for much.

When the Islanders first took the field a feeling of dismay spread throughout the grand stand. Householder was missed in left field, but that did not cause astonishment, for the news that Eddie had been suspended had already been passed along the line. The fact that Raymer was also off made the fans, who surmised that he also had been put under the ban, think that everything and everyone was working with fate to keep the Islanders at the bottom and jump on them. Relief was felt when it was learned that Captain Raymer was simply taking a holiday.

As it turned out the absence of the two old-timers did not make the slightest difference, and, in fact, from the way things turned out it seemed as if fortune had at last desired to smile on Victoria and had placed Thomas on the batting list simply to win the game. Ben Davis was back in left field, Ward on second and Thomas in right field. Although Jockey did not have much work to do he showed up well, and "Smoke" grabbed a couple of flies that would have taxed Eddie's powers to the utmost to get under.

The first three innings were shut-outs, Gordon retiring the batters in short order, and Starkell, although not so fast, working the Bengals cautiously and cleverly. In the fourth Davis got a pass and was sacrificed to second by Goodman. Kellar struck out, and McMurdo, taking first on Morse's error, stole second. Jockey-Ward now came up to the pan, and spying a hole in left field, neatly lifted the pellet across third for a two-bagger, scoring both base runners. When Thomas came up to bat somebody murmured something about repeating, but "Smoke," deciding that the void outside the fence was an even safer place than all those holes inside, promptly slammed the ball across the road. When they had completed the round trip the two sluggers were presented with the remnants of the bugs' money.

Tacoma came back with one in the fifth and two in the sixth, but after that Starkell lightened up, and although the visitors got a couple of men on bases in the seventh and eighth, they were unable to score. In the ninth they went out in order.

In order to make sure that the Tigers did not sneak one across on them and tie the score, Goodman, slammed a three-bagger to right in the eighth, coming home on Kellar's long out to left.

The secret:

## LACROSSE TEAM TO PLAY AT VANCOUVER

Boys Confidently Hope for Victory—Clute Appointed Captain of the Team

On Dominion Day the Victoria lacrosse team plays its second game for the amateur B. C. title against Vancouver at the Terminal City and, with a few changes in the line-up and steady practice for the past few weeks, the boys confidently hope to win.

Vancouver undoubtedly has a strong twelve, as the result of the match between the two mainland towns a week or so ago showed, but when Victoria played New Westminster here the local boys were going stronger than the visitors towards the end and showed that with a few changes, which have now been effected, the team would make a strong bid for the Minto Cup. If they win from Vancouver on Saturday the clubs will all be on a level.

Practices are being held to-night and to-morrow night at the Royal Athletic park and every member or substitute member of the team is asked to turn out.

A change in the capacity of the twelve has been reported. Clute taking Frank Sweeney's place as captain, and Boss Johnson being appointed to the vacated position of vice-captain.

The boys will leave for Vancouver on Friday night and the game on Saturday will be played at Recreation park, as a preliminary to the big event, the professional match, Vancouver vs. New Westminster.

The teams follow: Goal, "Boss" Johnson; point, A. Clegg; cover point, Joe Dakers; first defence, L. Stiles; second defence, S. Okell; third defence, E. Brynjolfsson; centre, C. McCarter; third home, J. Petticrew; second home, S. Humber; first home, L. McDonald; outside home, A. McDougall; inside home, C. G. Clute (capt.). Spares—F. Sweeney and Leo Sweeney. Trainer, Joe Hancock.

The scheduled Portland-Seattle game was postponed again owing to wet grounds.

N. P. A. A. O. REGATTA.

Victoria Sending Full Crews to Meet at Portland.

From the list of entries for the annual regatta of the North Pacific Association of Amateur Oarsmen, to be held at Portland on July 7 and 8, it will be seen that Victoria is sending full crews. Last year Portland won a sweeping victory at Indian river, and they have much of the material that gained the honors last year still with them. The entries are as follows:

V. R. C.—G. N. Stacey, stroke; A. C. Black, No. 3; P. H. N. Whiting, No. 2; G. E. Chaffey, bow.

P. R. C.—J. J. Walte, stroke; J. Helwig, No. 3; E. A. Hanson, No. 2; A. A. Allen, bow.

J. B. A. A.—S. Malatesta, stroke; T. Davidson, No. 3; F. A. Stacpoole, No. 2; S. P. Colt, bow.

Junior Fours.

V. R. C.—E. MacGachan, stroke; B. E. Scott, No. 3; R. H. Gale, No. 2; A. Marich, bow.

P. R. C.—No. 1 crew: D. G. Cooper, stroke; C. A. Myrns, No. 3; A. Lewellen, No. 2; J. H. McDonald, bow.

P. R. C.—No. 2 crew: H. G. Chickering, stroke; P. DeMarr, No. 3; L. R. Prater, No. 2; V. G. Stone, bow.

J. B. A. A.—S. Malatesta, stroke; T. Davidson, No. 3; F. A. Stacpoole, No. 2; S. P. Colt, bow.

Junior Singles.

V. R. C.—D. P. Bell-Irving.

P. R. C.—A. Pfander.

P. R. C.—F. R. Newell.

Junior Doubles.

V. R. C.—K. C. C. Taylor, stroke; D. P. Bell-Irving, bow.

P. R. C.—A. Pfander, stroke; F. R. Hewell, bow.

J. B. A. A.—H. C. Hopgood, stroke; T. B. McKee, bow.

Intermediate Doubles.

V. R. C.—K. C. C. Taylor, stroke; G. G. Simpson, bow.

Senior Singles.

V. R. C.—N. C. Savers.

P. R. C.—E. O. Gloss.

J. B. A. A.—W. N. Kennedy.

Colors—Vancouver Rowing Club, scarlet and white; Portland Rowing Club, light blue, dark blue and white; J. B. A. A., Victoria, navy blue and white.

All other games postponed on account of rain.

EASTERN LEAGUE

At Newark—Buffalo 1, Newark 4.  
At Providence—Rochester 4, Providence 0.

At Toronto—First game, Toronto 4, Baltimore 8. Second game, Toronto 10, Baltimore 4.

At Montreal—Jersey City 1, Montreal 1. Tie called in 12th on account of darkness.

ABOUT BASEBALL

That Victoria's outfield is going to be strengthened is now as assured fact. Manager Wattleit stated this morning that he had purchased Cocash, who plays in either garden, the infield or outfield, from Seattle. Cocash is expected to report to-morrow or the next day.

Manager Wattleit is waiting anxiously to hear which of the propositions he made to Cleveland has been accepted. That is, whether Goodman has been sold outright or traded in exchange for another man and a bonus. Another thing that worries the manager is that Cleveland may call for immediate delivery of Goodman.

It seems rather a pity that "Smoke" Thomas is a pitcher. If it weren't for that fact he would, without any doubt, be a field with the bat.

The standing of the Northwestern teams is:

Team	W.	L.	Pct.
Vancouver	43	27	.614
Tacoma	41	29	.585
Spokane	41	29	.585
Portland	33	34	.492
Seattle	32	34	.484
Victoria	16	53	.232

President Comisky, of the Chicago Americans, has purchased Pitcher "Flam" Delah of the Los Angeles club. Delah is reported to be the pitching sensation of the Coast League.

Stephen W. White, the Princeton college pitcher, has signed a contract to pitch for the Boston Americans and will report to the team at once, according to President Taylor of the Boston team. White's home is in Boston.

The Beacon Hills and Capitals will meet in an intermediate baseball game at the Royal Athletic park this evening, the game commencing at 6.15 o'clock. Bobby Steele will twirl for the Hills, while either Townsley or White will be on the slab for the Capitals.

The game should be interesting, as the two teams are neck and neck for the lead in their league. As Townsley was a former Hill slab artist the fight will be all the more interesting. The Hills will line-up as follows: Watson, c.; Steele, p.; Gardner, 1st b.; T. O'Rourke, 2nd b.; Newitt, s.s.; P. O'Rourke, 3rd b.; Menard, 1. f.; Gray, c. f.; Marion, r. f.

A meeting of the Victoria Amateur Baseball Association will be held in Y. M. C. A. rooms at 8 o'clock to-morrow evening. Resolutions are requested to be present.

A manifesto, signed by the Duke of Fife, the Duke of Argyll, and many others, has been issued, urging that modern tendencies make it imperative that English youths should be "taught to entertain high conceptions of marriage, many couples are concluding to the evasion of the marriage tie."

A motor boat race from the inner

## SPORT NOTES

W. E. Ditchburn and T. R. Cusack, of this city, have been appointed referees of the remaining 1911 Minto Cup games between New Westminster and Vancouver. They will take up their duties on Saturday when the rival teams meet at Recreation Park, Vancouver.

Secretary Fred Thompson, of the Toronto lacrosse club, has admitted that he communicated with Gordon Spring, asking the terms on which the latter would play for Toronto, but denied offering five thousand dollars or any such sum.

An intermediate lacrosse game will be played at the North Ward park to-morrow evening, between the Wards and Oak Bays. The last time these two teams met the Oak Bays were victorious, 2-1, and in spite of the fact that the Wards have been strengthened considerably since then, expect to duplicate their achievement to-morrow.

A motor boat race from the inner

harbor to Cowichan Bay has been arranged for Saturday, Dominion Day. The boats will make an early start in order that the finish may take place during the regatta, which is being held at the bay. Entries are being received by J. C. Hinton and close to-day. A handsome prize has been donated.

Jim Flynn, the Pueblo fireman, whose proposed fight with Carl Morris was called off after governor Bruce of Oklahoma decided that the contest could not take place in that state, abandoned his training camp at Kansas City, Mo., and left for Pueblo Monday night. He said he would resume training when a new date and place for the bout were selected.

DEFENDS SUNDAY BASEBALL.

Sacramento, Cal., June 28.—Prefacing his sermon with a recitation of "Casey at the Bat," Rev. Franklin Baker, pastor of the First Unitarian church, Sunday night spoke to a crowded house in defence of Sunday baseball, declaring that the \$15,000,000 spent for baseball last season was better expended than the same sum in foreign missions and that the game is "America's mental shower bath."

Declaring that the worship of one day instead of seven "belongs even now to the theological junk pile," Dr. Baker called attention to the large salaries paid to league players and the enormous sums spent annually by the American people in witnessing their chief source of amusement.

Dr. Baker is an enthusiastic fan and an ex-ball player, and his discourse lacked none of the modern baseball vernacular. "To the pure all things are pure," and the Old Testament words, "Remember the Sabbath day to keep it holy," were the texts of his sermon.

FREAK METHODS OF HEALING.

Los Angeles, Cal., June 28.—Thousands of visiting physicians and their wives filled the auditorium Thursday when retiring President William H. Welch called the meeting of the American Medical Association to order.

The feature of the general meeting was the address of Dr. John B. Murphy, of Chicago, the incoming president. Dr. Murphy dwelt at length upon the propriety of the American public to patronize quacks and freak methods of healing, and declared that the legitimate medical profession was itself to blame.

Health has received more attention than public instruction, Dr. Murphy continued. In his belief instruction in medicine is one of the most important functions which the American Medical Association has to perform.

OUTPUT OF MINES.

Nelson, June 27.—With a shipment from the Granby mine of 17,929 tons the Grand Forks smelter again appears in the statistics of the department. The total smelter receipts for the year to date are now 932,379 tons, while for the past week the total is 34,169 tons. The shipments for the week and for the year to date are respectively 36,352 tons and 984,872 tons.

All the butcher shops in the city will be closed all day Saturday, July 1st, Dominion Day. Stores open late Friday evening.

FOREST SUPERVISOR MISSING.

Tacoma, Wash., June 28.—Fears are entertained that Herbert L. Hurd, the missing deputy forest supervisor, may have killed himself, according to a report from Alder. The party, which has been searching for him for more than a

harbor to Cowichan Bay has been arranged for Saturday, Dominion Day. The boats will make an early start in order that the finish may take place during the regatta, which is being held at the bay. Entries are being received by J. C. Hinton and close to-day. A handsome prize has been donated.

Jim Flynn, the Pueblo fireman, whose proposed fight with Carl Morris was called off after governor Bruce of Oklahoma decided that the contest could not take place in that state, abandoned his training camp at Kansas City, Mo., and left for Pueblo Monday night. He said he would resume training when a new date and place for the bout were selected.

DEFENDS SUNDAY BASEBALL.

Sacramento, Cal., June 28.—Prefacing his sermon with a recitation of "Casey at the Bat," Rev. Franklin Baker, pastor of the First Unitarian church, Sunday night spoke to a crowded house in defence of Sunday baseball, declaring that the \$15,000,000 spent for baseball last season was better expended than the same sum in foreign missions and that the game is "America's mental shower bath."

Declaring that the worship of one day instead of seven "belongs even now to the theological junk pile," Dr. Baker called attention to the large salaries paid to league players and the enormous sums spent annually by the American people in witnessing their chief source of amusement.

Dr. Baker is an enthusiastic fan and an ex-ball player, and his discourse lacked none of the modern baseball vernacular. "To the pure all things are pure," and the Old Testament words, "Remember the Sabbath day to keep it holy," were the texts of his sermon.

SKIDEGATE CONCERT BAND

The above photograph of the Skidegate Indian Band was brought from the Queen Charlotte Islands by Geo. E. Winkler, of this city, who has just returned from examining some mining property in that district.

This is the band that won the Grand Challenge Cup at Prince Rupert on May 24 last in competition with Indian bands from Port Simpson, Metlakatla, Greenville, Kincolith, Kitkatla and the Naas River.

The cup was awarded them for their rendition of the "Bridal Rose Overture" by Lavelle.

Each bandsman was presented with an engraved silver medal in commemoration of the occasion and the conductor, A. Solomon, received a gold medal. He is a former Victorian, well known to many musicians of this city. The success of the band was largely due to his able and conscientious training.

The bandsmen's suits are dark green with gold trimmings, and their smart appearance on parade was much commented on at Prince Rupert.

### BY-LAWS WILL BE JUDGED TO-MORROW

(Continued from page 1.)

To give some definite illustration of the action of the water upon the shore it may be stated that it has been ascertained by Mr. Casé that since February of the present year erosion has destroyed ten feet more along the line of the foreshore. Ten feet in four months, and no winter gales! That fact should give one pause to consider how many feet will be topped off once the winter gales start again.

In connection with the proposed embankment it may also be suggested that the inevitable cut can be filled in by the Canadian Mineral Rubber Company with the material taken off streets to be paved, without cost to the city, as the material must be deposited in some place subject to the approval of the city engineer. If this course is followed, and it is generally understood that it will be, the filling in will cost the city nothing.

Another by-law which, indirectly, has given rise to a great deal of discussion is that calling for the authorization of the sale of certain small properties now owned by the city at Spring Ridge and Yates street. The proceeds of the sale will be applied to the purchase of the new yard on Chambers street, over which the council has been so soundly tated by objecting petitioners. In the event of this by-law not passing, however, it does not follow that the purchase of the other property, which includes the site of the Lion saloon, will not be proceeded with.

As a matter of fact the money for this purchase was set aside in the estimates, and the land will be acquired by the city irrespective of whether the by-law to sell the Spring Ridge property passes or not. That this fact is not particularly well known is not to

### MENT AN AGREEMENT ENTERED INTO BY THE CITY AND PERCY JOHNSON RELATIVE TO CERTAIN LANDS ON BAY STREET, HAS AN INTEREST AND IMPORTANCE MORE HISTORICAL THAN ANYTHING ELSE. IT SIMPLY MEANS THAT THE CITY WILL AT LAST KEEP FAITH WITH AN AGREEMENT MADE IN 1904, WHEREBY THE CITY TOOK OVER THE USE OF PROPERTY OF MR. JOHNSON, WHICH WAS COVERED BY WATER AT HIGH TIDE, FOR THE SUM OF \$500.

The matter was never submitted to the electors, which omission is contrary to the Municipal Clause Act. Consequently it is being brought up now for ratification so as to make it perfectly legal.

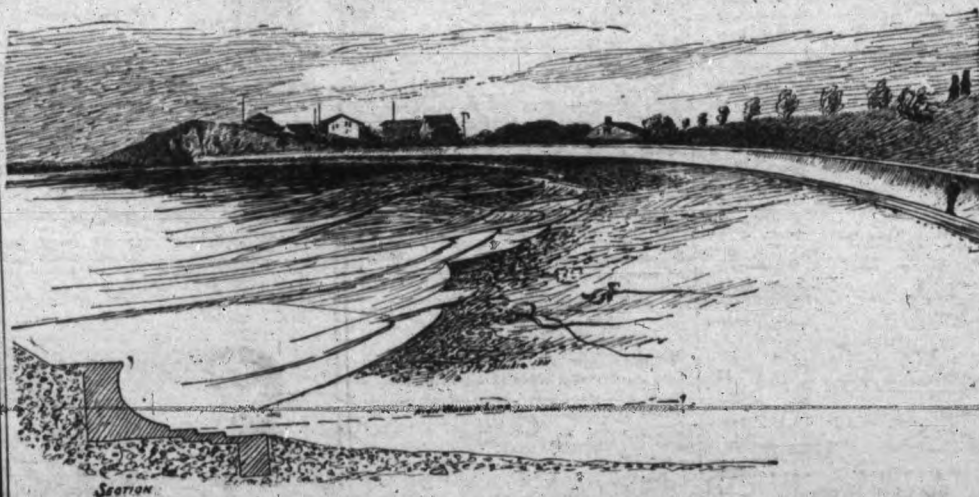

### SUPPOSED MURDERED MAN IS ALIVE

Disappeared Six Years Ago—Police Receive Note Which Clears Up Mystery

Sherbrooke, Ont., June 28.—C. G. Weymouth, supposed to have been murdered over six years ago, has been located in a grocery store. The mystery surrounding the alleged murder baffled the police until a mysterious note was sent them saying Weymouth was at Sherbrooke, which clue being followed up resulted in his being unearthed. Two men were arrested a short time ago charged with murdering him and were awaiting preliminary hearing. They probably will be released now.

### CHURCH UNION.

Montreal, June 28.—While church union is being discussed throughout Canada the experiment will be tried here as a vaca-

WHAT THE SEA WALL WILL LOOK LIKE

The above sketch gives a good idea of how the seawall, to be built for the protection of the cemetery will look when completed. The top of the embankment will form a continuation of the Marine Drive.

he wondered at, as Ald. Moresby only discovered it himself at a recent meeting of the council. He, with many others, understood that the purchase of the new city yard was dependent upon the passing of the present by-law to sell the Spring Ridge property, which the city has no further use for.

The third by-law to be voted upon to-morrow is in connection with the electric lighting scheme of the city. It calls for the raising of \$50,000 to secure the additional street lights and the necessary extensions to the present system, other than by the cluster system. The idea at the back of this by-law is to place the city in a position to go straight ahead with a clear-cut proposition for the lighting of the entire city, and not leave it to the haphazard, piecemeal treatment which the yearly scheme resolves itself into. As the city grows so will it be illuminated without the eternal bickering of petty discussion.

The fourth by-law, which is to imple-

ment an agreement entered into by the city and Percy Johnson relative to certain lands on Bay street, has an interest and importance more historical than anything else. It simply means that the city will at last keep faith with an agreement made in 1904, whereby the city took over the use of property of Mr. Johnson, which was covered by water at high tide, for the sum of \$500.

The matter was never submitted to the electors, which omission is contrary to the Municipal Clause Act. Consequently it is being brought up now for ratification so as to make it perfectly legal.

### GAMBLING AT MONTREAL.

Montreal, June 28.—The nine men arrested for running gambling devices at amusement parks in this city were allowed to go on suspended sentence by Judge Lanctot yesterday. The judge argued that the devices in question had been conducted uninterruptedly for fifteen years, and that the men had had no warning that they were infringing on the law.

"Every British subject is expected to know the law, but nobody does, not even the judges," said Judge Edge at Clerkenwell, London, County court.

### AERIAL FLIGHTS IN FRANCE.

Roubaix, France, June 28.—Great crowds attending the Roubaix exposition were massed in the aerodrome on the exposition grounds to-day to welcome the competitors in the international circuit aviation race. Vedrine was the first to arrive, reaching here at 11:04 o'clock, and winning the lion's share of the \$3,000 prize given by the aviation committee of the exposition for the fourth day's flight.

To-day's stage was from Brussels to the aerodrome here. The aviators were sent away from the start at minute intervals from 10 o'clock. Beaumont took the air first and was followed by Garros, Vidart, Vedrine, Renaux, Gilbert, Kimmerring, Duval, Perlot, and Wynmalen in the order named. Close behind Vedrine at the finish was Garros, who arrived at 11:17 o'clock. He was followed in the order named by Kimmerring, Beaumont, Vidart, Renaux, Gilbert and Wynmalen.

### HOUSES FALL INTO HARBOR.

Number of San Pedro Fishermen Lose Their Homes.

Los Angeles, Cal., June 28.—Eleven houses in San Pedro toppled into the harbor last night, and another building, a large apartment house, is momentarily in danger of doing the same thing. Through the operation of a government dredger in sucking away the silt from the bank, the foundations under the houses became weakened and all of the inhabitants moved out post haste. Soon after the buildings began to settle and one by one toppled over into the ocean. Most of

## HUNDREDS RUSHING INTO UPPER SKEENA

Middle Section of Province Now Centre of Attraction—Prince George Arrives

At the present time hundreds of miners, prospectors, surveyors and men following other trades and occupations in life, are rushing into the upper Skeena district, according to reports received in this city upon the arrival of the Grand Trunk Pacific steamer Prince George, Capt. Frank Saunders, from Stewart and Prince Rupert. The skipper of the vessel states that every train leaving the G. T. P. terminus for the interior has all the accommodation taken up, and the rush into that section is said to be the biggest that has commenced this year in any part of the province.

While the trains, which leave for the interior twice a week, are almost overcrowded, the steamers are also carrying people up the river in large numbers. Every vessel which leaves Port Essington has full passenger lists as well as heavy cargoes. According to Capt. Saunders it is impossible to estimate exactly how many people are stampeding into the country and he further states that the rush seems to be becoming larger each week. The great possibilities of that country are attracting the settlers and much development work it is expected, will be accomplished this year.

Splendid weather was experienced by the Prince George throughout the passage. She brought south about one hundred and ninety-five passengers, including seventy-five first-class, the majority of whom debarked at the Terminal City. Among those who were aboard the ship was Chief Justice Hunter, who has been conducting court at Prince Rupert, accompanied by Mrs. Hunter.

At 11 o'clock the George left port for Seattle and is scheduled to return here to-morrow morning, leaving at 10 o'clock for northern points. Many passengers will join the ship here and it is stated that a big crowd have booked from Seattle. The tourist season to the

## Are Your Kidneys Working Properly?

It Will Pay You Well to Make Sure

There's been a lot of "guessing" about rheumatism and rheumatic pains generally, but you can be dead sure that little pains across your back came from diseased kidney action.

The kidney's duty is to filter the blood—take out the impurities collected by the returning blood stream—do it just like absorbent cotton in a funnel filters the impurities from polluted water.

When the kidneys are not working you are bound for one of two courses—Diabetes and Bright's Disease or Rheumatism, Lumbago, and Sciatica. The former comes in the form of a steady, and sometimes always painful, but you need not have either, as they both can be easily prevented.

The very best prescription for all kidney troubles is Nyal's Stone Root Compound. It is a "patent" medicine, but a scientific prescription composed of Steneroot, Buchu, Juniper and other remedies of proved value. More than that, it has been proved by thousands who have had glad relief from its use.

There's nothing quite so miserable as the dragging results of sick kidneys. You are triling with your own future when you neglect so simple a precaution, as a pleasant home treatment with Nyal's Stone Root Compound when results are so certain.

It soothes bladder irritation, gives you rest and comfort at night, and makes life once more enjoyable.

The kidneys, liver and bladder are all dependent upon one another, and Nyal's Stone Root Compound is particularly designed to help them all.

Sold and guaranteed by D. E. Campbell, John Cochrane, Dean & Hiscocks, F. W. Fawcett, Messrs. Hall & Co., W. Jackson & Co., F. J. Williams, Victoria.

FAMILY  
REMEDIES

One for each everyday ailment

## RUPERT GOES INTO DOCK AT ESQUIMALT

Has Hull Scraped and Painted—Henriette Loading Big Lumber Cargo for North

After having her hull scraped and painted, the Grand Trunk Pacific steamer Prince Rupert, Capt. Barney Johnston, will be floated out of the Esquimalt dry-dock this evening. She will then proceed to Nanaimo to bunk and will return to Seattle to take the northern sailing on Sunday night. She will call here on Monday morning as usual, and will run through to Stewart, inaugurating the semi-weekly service between this port and the Portland Canal town.

Repairs to the Rupert at Seattle were just completed a few days ago and she came to Esquimalt for painting. For nearly three weeks the Rupert has been on the Sound having her boilers repaired, and it is now believed that the seat of all former trouble has been remedied and that the Rupert will be able to continue throughout the summer without any more lie-ups. A large sum has been expended on the steamer and she is now in first-class shape. With the Prince George she will now run through to Stewart until the travel to the north begins to fall off, when one of the boats will be withdrawn and all attention will be paid to Prince Rupert.

The steamer Henriette is due to arrive here to-night from northern British Columbia ports to load 100,000 feet of lumber for Prince Rupert. The little steamer is having a strenuous time in keeping up to the demands of the route and it is already seen that a larger vessel is needed. As soon as the Prince John reaches here from Scotland the Albert will replace the Henriette and a better service given. The John is expected about the end of next month.

## SAILERS MUST GO; STEAM MUST COME

Fewer Sailing Vessels Due at 'Frisco This Year Than in Past Quarter of Century

San Francisco, Cal., June 28.—Two more French barques reached port yesterday, the Marchal De Villares, from Ipswich, with general cargo for Balfour, Guthrie & Co., and the La Roche Jaquelin, from Newcastle, Australia, with coal for Hind, Rolph & Co. The Villares has no outward charter as yet, but the La Roche Jaquelin is under charter to Hind, Rolph and Company to load barley here for Europe at 25s. 9d.

The French ship Champigny is due from Hamburg and the French barque Guichard from Rotterdam, both under charter to load grain. No other foreign sailing vessels will be due to arrive here before six weeks or two months and as a result of the strong steamer competition the number of foreign sailers sent to this port will be lighter this year than in any year for the past quarter of a century.

The Union Oil tanker Trinicleo arrived yesterday from Balboa to load a return cargo of fuel oil. The Oceanic steamer Sierra and Majson liner Wilhelmina arrived yesterday from Honolulu. The Norwegian steamer Thyra left for the harbor and the Sound and the steamer City of Puebla for the Sound. The Bates and Chesbrough steamer Navajo left for Balboa and the steam schooner Lakme for the Sound via Portland.

The first vessel of the Pacific mail fleet to burn oil as fuel will be the steamer City of Paris, which operates on the Panama route. The Para has been at the Union Iron Works for several months, having an oil burning plant installed, and it is reported will be ready for service by the middle of July.

In addition to the Para there will be two other oil burners on the southern run, as the company has found that it is cheaper to operate the direct freighters by this method, while considerable cargo space is saved as well. The Pennsylvania will be the next to be equipped and she will be followed by the Peru. When the Pennsylvania arrives here, her crew will be transferred to the ship, and she will be laid up.

## SHIPPING INTELLIGENCE

June 27.

Seattle, Wash.—Arrived: Steamer Spokane from Sitka; steamer Queen from Sound ports. Sailed: Steamer Klamath for Tacoma; Col. E. L. Drake towing barge 96, for San Francisco; Humboldt for Skagway; Moran for Aberdeen; President for Tacoma.

Tacoma, Wash.—Arrived: Steamer Olson and Mahony from San Francisco; steamer Hilonian from San Francisco; steamer Klamath from San Francisco. Sailed: Steamer Robert Lewis for Honolulu.

Sydney, N. S. W.—Arrived: Steamer Strathdown from Tacoma. Yokohama.—Sailed: Kumeric for Tacoma. Arrived June 24, Oriele from Seattle.

LIBEL SUITS DISMISSED.

Seattle, Wash., June 28.—The criminal libel suits brought against the Post-Intelligencer and persons connected with it, at the instance of the Times, and the similar suits brought against the Times and persons connected with it, at the instance of the Post-Intelligencer, were dismissed yesterday by the presiding judge on instructions from Judge Wilson R. Gay, of the criminal department of the circuit court.

## ANOTHER ALASKAN CRUISE STARTING

Spokane Heading Northward Again To-morrow—Has Full List of Passengers

Just as the sun is about to kiss the waters of the Straits of Juan de Fuca to-morrow morning the Pacific Coast steamer Spokane will tie up at the outer wharf on her second excursion to Alaskan points this summer. After picking up several passengers and giving those who were booked at Seattle an opportunity to see Victoria, the vessel will leave this port at 11 o'clock to carry her excursionists to the picturesque northward, which has been the scene of some of the greatest gold rushes the world has ever known.

On her first trip the Spokane carried about one hundred passengers but this time every available berth aboard the steamer has been taken and the ship carries one of the largest lists of excursionists that she has ever had since the Alaskan cruises were inaugurated. Although no Victorians took in the first trip many of them have arranged to spend their holidays on the Spokane.

Reports from Seattle state that the Spokane had an excellent trip and that the passengers aboard thoroughly enjoyed themselves. After a few days stop at Skagway, Juneau, Wrangell, the Taku Glacier and many other points were visited. After the trip which commences to-morrow three more excursions will be run by the steamer at intervals of two weeks.

## COWICHAN EXCURSION.

Charmar to Carry Crowd to Witness Annual Regatta at Nearby Bay

Arrangements have been completed whereby the steamer Charmar will carry the excursionists from this city to Cowichan Bay to witness the regatta to be held there on July 1. She will leave the C. P. R. docks on Saturday at 8.30 o'clock in the morning and will return leaving at 5 o'clock in the afternoon.

## THREE WIRELESS DISTRICTS.

Inspectors to Inspect All Steamships to See That the Law Is Enforced.

Port Townsend, Wash., June 28.—Collector Harper has received the regulations promulgated by the secretary of Commerce and Labor, in relation to the equipping of passenger steamers with wireless. The regulations just issued created three wireless districts.

The Pacific Coast district, extends from Puget Sound to San Diego, including Alaska and Hawaii. The appointment of a wireless ship inspector for that district will follow. The inspectors are to communicate directly with collectors in their district and to co-operate with them in the enforcement of the law.

Collectors are required to visit ocean passenger steamers to ascertain if they are not properly equipped and if they are not the master must be notified of the fine to which he is liable. Under the act, if a vessel is not equipped with wireless the collector of customs can not refuse to clear the craft, but a fine of not more than \$5,000 is provided upon conviction by the court.

Wireless operators employed on steamers must pass examinations. The regulations become effective in July 1.

## INSPECTING LAUNCHES.

Scout Still Skirting About Tacoma's Waterfront—One Fine of \$250.

Tacoma, Wash., June 28.—Although the United States cutter Scout was supposed to have completed her inspection of launches here several days ago, she is still hanging about the outskirts of the bay, according to waterfront men. She stands close to shore, keeping in the shadows of trees ready to dart out at unsuspecting launches. Local owners of these boats are now in a rush to provide them with the required equipment.

While no report has yet been made, it is said that one Tacoma launch owner was fined \$250. Two hundred dollars was assessed because the launch was not provided with lifebelts and \$50 because she did not respond to the Scout's whistle. When the operator of the launch heard the Scout's three whistles he did not know what the signal meant and consequently did not stop. When he heard the whistle again he believed it was a joke and responded in kind. It was only when finally the Scout put on full speed and chased the launch the latter's operator thought it was a race and let his boat out for all she was worth. He lost.

## DROWNED IN LAKE WINNIPEG.

Winnipeg, June 27.—A. J. Seary, a Winnipeg youth of 22, working with his cousin the captain of the tug Fisherman, was drowned off the tug a hundred miles north of Selkirk on Lake Winnipeg on Saturday. He was climbing over the wood piled high on the deck of the tug and fell over the stern, but as he was a good swimmer the captain declares he must have died of heart failure as his heart was weak.

Six hundred of the 2,000 natives inhabiting the island of Rotana, in the Pacific, have died of measles and dysentery in the past two months.

Why let that headache spoil your day's work or pleasure? Take

## LINER ARRIVING FEW HOURS BEHIND TIME

Fogs Believed to Be Delaying Panama Maru Off Coast—Docks This Afternoon

Latest wireless reports received from the Osaka Shosen Kaisha liner Panama Maru state that she will not dock here until late this afternoon. It was expected from wireless messages which were flashed to this city yesterday, that the steamer would dock here at noon to-day, but evidently she has been delayed. All the stations along the coast of this island this morning reported light rains and dense fog, so it is possible that the Maru has run into heavy mists and her skipper has slowed the vessel down.

According to her schedule the Panama Maru is due to reach port to-day, but the Osaka boats generally arrive here in the morning. The steamer is equipped with wireless and several of the land stations have been in communication with her. She is bringing a large number of passengers across the Pacific and also has a good sized cargo of general freight, including a rich shipment of silk.

Last night the Blue Funnel liner Titan, Capt. Evans, left the outer wharf for the Sound to continue loading her homeward bound cargo. She took on 800 barrels of whale oil while here besides a little general cargo. The Titan will sail for Liverpool via Far East points on Wednesday, July 5. At Sound points she will load about ten thousand tons of freight for various ports in the Old Land.

It is expected that the Canadian-Mexican steamer Henley, Capt. Masters, will leave this port to-night for Vancouver. Ever since yesterday morning stevedores have been engaged in unloading eight hundred tons of pipes, which were taken on at Salina Cruz. The work of discharging the water pipes is a tedious job and much time is consumed in accomplishing the task.

## CENTENARIAN DIES SUDDENLY.

Lansing, Mich., June 28.—"Well I guess my time has come," said Mrs. Luchia Williams, aged 108, as she stood in the doorway of the home of her daughter, Mrs. Ellen Bannister, talking to a neighbor yesterday. With that remark she went inside and, lying down on a couch, passed quietly away.

## LAST WITNESSES ARE CALLED IN DAY CASE

Crown Closed Its Presentment  
of Evidence Yesterday  
Afternoon

During arguments for admission of evidence against John Day between Stuart Henderson, for Day, and Hon. C. E. Pooley, K. C., for the prosecution, in the police court yesterday afternoon, Magistrate Jay was led to interrupt with the remark that the only evidence against Day was that he, told Bullock he was going to bring some goods to the Victoria Machinery depot, and that next morning there were some goods similar to navy stores there.

The prosecution having brought its case to a close an hour later, Stuart Henderson addressed the magistrate and said that from the tenor of his worship's remark he and his fellow-counsel, H. D. Helmcken, K. C., believed that after the magistrate had heard their addresses for a dismissal he would not call on them for evidence but dismiss the case against Day. He obtained an adjournment till this morning.

In addition to Bullock the prosecution called five witnesses to close the

case against Day. These were William Etheridge and George Henshaw, former employees at the Victoria Machinery depot; Charles J. Savage, bookkeeper at the Victoria Machinery depot; Provincial Constable Dennis George Cox, and Detective Ezra Carlow.

Bullock was recalled to the witness stand to say there were no other candles purchased at the machinery depot while he was there as storekeeper than those purchased from Day, and that the incoming candles were always used.

George Henshaw had seen candles-boxes marked H. M. S. Shearwater, H. M. S. Algerine, and H. M. S. Egeria among the Victoria Machinery depot stores but had not seen the boxes brought there.

Constable Cox and Detective Carlow swore to the execution of the search warrant on April 6 and the recovery of paint and candles under Bullock's direction.

Witness Etheridge had seen candles similar to those produced in court put in sacks after April 1 at the machinery depot. Charles J. Savage testified that the invoice produced from Day had been paid. He never saw the goods mentioned in it, but it was passed by storekeeper Bullock and paid by cheque for \$377 in September last. On April 29 he took two cheques, one from the Victoria Machinery depot and one from John Day, each for \$1,000, to the collector of customs. He received Day's cheque from Day. The reason the \$377 invoice had been held up was because Bullock, as storekeeper, had

reported the contents were dry and old and of no use.  
The court then adjourned until this morning for argument.

To the Editor:—More than a year ago these local improvements were passed by the council, but nothing has been done to start work, and people who bought lots there for the purpose of building homes are discouraged and inclined to give up building there. There is no proper drainage, no sidewalks or boulevards, the roads are not cut out and trees are still growing on what will be the roads, while an odd few tons of rock are right in the way.

What is the use of passing improvement by-laws and keeping back the improvement of the suburbs and the expenditure of capital in building by such very long delays?

### LOOKING FORWARD.

To the Editor:—Some time ago I approached our council pointing out the lack of accommodation in the city market and suggested improvements. The matter was taken up by some of the aldermen, and I trust that in the near future something will be done. Now, sir, in addition to the cattle market, a public slaughter house (abattoir) would be of the greatest benefit. One can scarcely realize that a city like Victoria and the capital of the province should be without either of the above, and yet we tell all prospective settlers what a splendid agricultural district we have around Victoria.

There is plenty of room for a slaughter house adjoining the market, on Esplanade street. Such an abattoir could be built 100 feet from any dwelling and constructed under sanitary regulations. I hope some enterprising citizens will take this matter up, for they will be conferring a boon on the community at large, and the ratepayers will soon derive a revenue from the outlay.

JOSEPH H. LIST.

### LION SALOON LICENSE.

To the Editor:—The letter which you published in last night's Times from Principal McLean of the George Jay school, deserves serious consideration from taxpayers when they go to vote on the proposed by-laws on Thursday of this week.

Mr. McLean makes his appeal to the citizens in the interests of the children under his care. He asks that this proposal to plant a pipe yard, a cattle pound and all the rest down beside the school be turned down. I endorse every word of his appeal.

But I would also venture to appeal to voters to consider one or two other aspects of the proposal.

First, if this scheme is carried through it will involve handing over \$4,000 of the taxpayers' money for the purpose of compensating the proprietor of the Lion saloon for the loss of his license.

Should this be done it will be wholly illegal, as the law of the land makes no provision for compensation in any shape or form for the loss of such license.

Second, the manner in which it is proposed to carry through this scheme of compensating Mr. Pettor for the loss of his license is not straightforward business. As I have been informed by persons who claim credit for having got up this scheme to get rid of the saloon, the plan is this: The proprietor of the saloon will receive the \$4,000 asked for his license, but will not receive it for the license as such. There will be just a little shuffling of the cards so as to avoid any appearance of paying compensation for the license. The \$4,000 will go in as part of the price of the saloonkeeper's property which the city proposes to buy in order to get rid of him. The one condition affecting the license is that a promise will be given that the license will not ask for a renewal of his license elsewhere, but will surrender it, and with it all claims to a proprietary interest in it.

If this be correct, then it is a piece of gross subterfuge and is utterly depreciable to the parties responsible for such a transaction.

Third, I would earnestly appeal to all friends of moral reform to give this matter serious consideration. The principle of compensation for loss of license has not been recognized in British Columbia amongst temperance reformers. Personally, I am strongly opposed to it as wrong and unjustifiable. The law itself has never recognized any vested right in a license that is renewable from year to year solely at the discretion of the representatives of the people, and if any vested right did exist in such licenses it would belong to the people.

I am anxious, in the interests of temperance and in the interests of the people of this neighborhood to see the Lion saloon license abolished, and I believe we can abolish it without wrongfully using public money for such a purpose.

I hope, therefore, that voters will give this matter serious consideration when they go to record their votes on the proposed by-laws to-morrow.

W. STEVENSON.

Emmanuel Baptist Church, Spring Ridge, June 28.

### MURDER SUSPECTED.

Body of Old Man Found Buried—  
Authorities Searching For Former Employee.

Vancouver, Wash., June 28.—The body of Robert Barhyde, a bachelor aged about 40 years, has been found buried near the foot of Bell's mountain, 22 miles from Vancouver.

The home of the old man was burned to the ground on June 1. Sheriff Cresap and Coroner Knapp, who were called to the scene, are positive that the old man was murdered. The authorities will make an effort to locate a young man named C. W. Hammond, who worked for Barhyde and who disappeared on the day of the fire.

The condition of Barhyde's body indicates that death occurred about a month ago. Barhyde was reputed well to do, and was commonly supposed to have always had a large amount of money on his premises. When Hammond left the ranch he drove away with Barhyde's team.

### SEEKING INFORMATION.

Washington, D. C., June 28.—As a sequel to the decision of the interior department in cancelling the Cunningham Alaskan coal land claims, Senator Poinsett, of Washington, yesterday introduced a resolution which was immediately passed calling upon the President for available information as to the alleged effort of the Controller Railroad Company to monopolize the waterfront of Controller bay in Alaska.

This bay is the natural outlet of the rich Behring river coal fields.

## The Provincial Jubilee Hospital

INCORPORATED 1890.

The annual meeting of the donors  
and subscribers to the institution will  
be held in the city hall, Victoria, on  
Thursday, 29th June, at 4 o'clock p. m.  
Business—Receiving the annual re-  
port of the directors, the treasurer's  
statement for the year ending 31st  
May, 1911, and the election of the di-  
rectors.  
The four following directors retire,  
but are eligible for re-election: Mrs.  
Rhodes, Messrs. Alex. Wilson, Simon  
Leiser and H. E. Newton.  
Donors and subscribers can vote for  
(4) four members only, the city council  
nominate (5) five, the provincial govern-  
ment (3) three, and the French  
Benevolent Society (3) three, making a  
total of fifteen directors.  
All donors of money \$50 and up-  
wards, and annual subscribers of \$5  
and upwards are eligible to vote for  
the election of directors.  
A. W. MORTON, Secretary.  
Provincial Royal Jubilee Hospital.  
Victoria, June 19, 1911.

ADVERTISE IN THE TIMES.

The Evening  
Chit-Chat  
By Ruth Cameron

"Please, whatever you do, don't put  
what I have told you in your column,  
as I do not want any of my folks to  
know about it. I have been the vic-  
tim of taunts ever since we had our  
misunderstanding, both from my sister  
and my aunt. Perhaps my mother  
would have understood, but I  
have none, and I can't bear to be  
misunderstood."  
By a little girl  
ended the letter  
in which she had  
laid bare her  
heart and told her  
pathetic little love secret to me.

"I have been the victim of taunts  
ever since our misunderstanding from  
both my sister and my aunt—doesn't  
that make your blood boil?"  
It does mine.  
It just makes me wild to go to that  
aunt and sister and tell them what I  
think of the cruelty that drives an un-  
happy little girl to confide in and ask  
advice of a total stranger, and beg  
that stranger to keep her secrets from  
her own family.  
Of course, I realize that the taunts  
weren't meant to be cruel.  
They were probably supposed to be  
merely funny.  
You see, the little girl's mislead-  
ing with her first lover, her failure  
to respond to her overtures and her  
hurt pride, appealed to these older  
people as constituting an exquisitely  
humorous situation, and they were just  
trying to make the most of it.  
Nor is that attitude such an uncom-  
mon one.  
That's the saddest part of it all, and  
that's why I'm writing about it.  
It seems to be almost impossible for  
grown-up-ness, especially married  
grown-up-ness, not to look at the  
young people's first love affairs in this  
way.  
Many a young girl who needed the  
most tender sympathy and understand-  
ing when the wings of the great pas-  
sion first brushed against her heart,  
has been shamed and tortured and  
driven into herself by taunts and sly  
allusions and laughter.  
Little brother is allowed to tease her  
unmercifully about the way she  
watches for the postman.  
Little sister, instead of being re-  
proved, is applauded by laughter when  
she pipes up at the family dinner table  
with: "I know what made Jean late  
for dinner. She was waiting around,  
hoping Bob would come home with  
her."

And even the presence of a guest  
does not deter married sister from say-  
ing with the self-righteousness of the  
safely married woman: "I should  
think, Jean, that you'd let Bob do the  
waiting."  
Poor little Jean. She had not ac-  
knowledgeed even to her own heart that  
the reason she stopped this particular  
noon to consult the teacher about her  
college examinations, was that she  
knew Bob had to stay after school and  
couldn't walk home with her, as usual,  
unless she did.

Ever see a flower that someone had  
picked open instead of waiting for it  
to unfold in its natural time? You  
know how it looks. Well, that's the  
way Jean's heart felt.  
The little girl of my letters says:  
"Perhaps my mother would have un-  
derstood."  
And yet I have known others who  
didn't scruple to laugh at these "cub"  
love affairs, as they called them.  
We do not laugh at a case of diph-  
theria or scarlet fever, merely because  
it is a light one, do we?  
But we might better do so than  
laugh at the young girl's first experi-  
ence with the great, relentless, incur-  
able disease of the ages.

*Ruth Cameron*  
**THE ADVANCE MAN**

Miss Billie Burke in "Mrs. Dot."  
One of the events of the current the-  
atrical season at the Victoria theatre  
will be the appearance here on Thurs-  
day evening, June 29, of Miss Billie  
Burke in "Mrs. Dot." The comedy is  
by W. Somerset Maugham, one of the  
most popular of the living English  
playwrights. Its scenes are laid in Lon-  
don and at a country house on the  
Thames and the characters all belong  
to that "swagger society" set of whom  
one has read so much in the novels of  
the day.  
Mrs. Dot herself is the widow of a  
brewer, whose enormous fortune and  
lavish way of spending it has made her  
a social leader. She is young and very  
pretty and, to make her all the more  
interesting, she is in love. The object  
of her affection is a penniless young  
aristocrat who, right at the beginning  
of the play, falls heir to a title and  
an estate. Before he met the charm-  
ing widow he foolishly got himself en-  
gaged to marry a silly young thing and  
now when the widow asks him to be  
her second he has to refuse.  
The widow isn't used to being re-  
fused, however, and in the end she  
marries him. How does she get rid of  
the other girl? Oh, that is the play.  
Miss Burke is the widow, of course, and  
a most enticing widow she is. The  
critics say it is the best role she has  
had since she became a star. Several  
of the scenes of the play call for a real  
comedianne and it is in these very  
scenes that Miss Burke is seen at her  
best.

Mrs. Fiske Coming.  
As a type of interesting and highly  
amusing play, "Mrs. Bumpstead-Leigh"  
is evidently entitled to the enthusiastic  
commendation which has been bestow-  
ed upon it during Mrs. Fiske's season  
at the Lyceum theatre, New York, and  
there should be a lively interest excited

by the announcement that the play is  
to be given in this city on July. Local  
admiration of this gifted woman's art  
is deep-seated and sincere, and there  
will doubtless be an added interest in  
her engagement when it is known that  
the character assumed by Mrs. Fiske  
is as different from any other she has  
ever portrayed as darkness is from  
daylight.

## CAMPING OUT.

Has your dinner lost its savor?  
Has your greeting lost its cheer?  
Is your daily stunt a burden?  
Is your laughter half a sneer?  
There's a medicine to cure you,  
There's a way to lift your load,  
With a horse and saddle and a mile of  
open road.

Is your eyeball growing bilious?  
Is your temper getting short?  
Is this life a blind delusion?  
Or a grim, unlovely sport?  
There's a world of health and beauty,  
There's a heap that cannot fail,  
In a day behind the burros,  
On a dusty mountain trail.

Come out, old man, we're going  
To a land that's free and large,  
Where the rainless skies are resting  
In a snowy mountain-marge.  
When we camp in God's own country,  
You will find yourself again,  
With a fire and a blanket and the stars  
upon the plain!  
—Bliss Carman, in The Reader.

## SOCIAL AND PERSONAL

Misses McMicking left yesterday on  
a visit to Vancouver.  
Mrs. W. M. Robertson, Vancouver, is  
visiting friends here.  
Miss Marie Walsh, Vancouver, is on  
a visit to friends here.  
A. F. Griffiths has returned from a  
business trip to Edmonton.  
Mrs. S. S. Taylor, Vancouver, has  
been spending the week with friends  
in this city.  
Walter Jackson, who has been on a  
month's visit to Portland, returned  
home yesterday.  
Mrs. M. L. Masters, Nanaimo, has  
returned home from a pleasant visit to  
Victoria friends.  
Mr. and Mrs. E. L. Harkness, who  
have been residing in Vancouver, have  
moved to this city.

Mr. and Mrs. W. M. Roper, who have  
been visiting Victoria, returned home  
to Vancouver yesterday.  
Mr. and Mrs. G. D. Brymer, New  
Westminster, have returned home af-  
ter a holiday in this city.

Miss M. McLagan, Clayburn, has re-  
turned home after a pleasant visit with  
her aunt, Mrs. S. Macdure.  
Mrs. Alfred Greaves and daughter  
are the guests of Mrs. R. Carmon  
Purdy, the "Cloves," Vancouver.

Miss M. Sutton, Esquimalt road, who  
has been on a visit to Mrs. Hewlings,  
Shawnigan, has returned to town.

Mrs. E. O. Weston, 1512 Stanley ave-  
nue, will receive to-morrow and not  
again during the summer months.

Mrs. R. A. Power returned home on  
Sunday after spending a month with  
Mrs. F. W. Fraser, Kelowna, B. C.

William E. Carson, special corres-  
pondent of the International Press of  
New York and London, is in Victoria.

Miss Violet Harris has returned to  
her home in Victoria after spending a  
successful year studying music in To-  
ronto.

Miss M. Thompson, New Westmin-  
ster, will spend her summer holidays  
with her aunt, Mrs. Johnson, at the  
Willows.

Mrs. G. M. Leishman returned home  
last evening after spending the past  
month with her sister, Mrs. H. H.  
Lennie, New Westminster.

Frank Gallher, who broke an ankle  
bone while playing cricket the other  
day, is resting much more easily and  
expects to be out again shortly.

Mrs. J. A. McArthur, late of Ottawa,  
has recently arrived in the city and,  
with Dr. McArthur, is a guest at  
Rockabella. They have decided to  
make Victoria their future home.

Mrs. Heisterman was hostess at a  
smart "at home" yesterday afternoon.  
Her pretty residence was most artisti-  
cally decorated with quantities of  
flowers. A large number of guests at-  
tended.

The following were guests at the  
Kokisall hotel for the week-end: R.  
C. Crevell Road, England; G. Nann, H.  
M. S. Shearwater; L. Horth and W.  
Harrigan, Sidney; J. Menzie, Dudleigh,  
Mrs. J. P. Fowler, P. Anderson, M. A.  
Wylde and F. H. Hewlings, Victoria.  
One good basket of 25 trout was taken  
with the fly, the best fish coming out  
of the Kokisall river.

Miss Margaret Ross and Mr. David  
Scott, son of Mr. and Mrs. Alexander  
Scott, Dundee, Scotland, and nephew  
of Mr. Alexander Watson, Victoria,  
were united in marriage yesterday af-  
ternoon at the residence of Mrs. George  
Watson, 203 Quebec street. The cere-  
mony was performed by Rev. Dr. Reid.  
Mr. Charles Lyons fulfilled the duties  
of groomsmen and Miss Violet Watson  
was the bridesmaid. Only the imme-  
diate friends of the young couple were  
present. After the wedding a dainty  
supper was served. The honeymoon is  
being spent in Vancouver, after which  
Mr. and Mrs. Scott will reside at 456  
Myra street.

—Wm. Stewart, men's and ladies'  
tailor, over Terry's Drug Store, Doug-  
las Street.

Shoes Coming Down!

Shoes Coming Down!

## In Victoria

Watson, the Shoe Man, finds himself seriously overstocked for the season of the year, and has rented the store formerly occupied by Hallam & Wyndham, at 1309 Douglas Street, three doors from Yates Street, for the purpose of disposing of the surplus

### \$5,000 Worth of High Class Shoes at Wholesale Cost

We must sell \$5,000 worth of shoes in two weeks and our own store being too small we have to rent the larger store temporarily

NO MONEY SPENT ON SHELVES OR OTHER FIXTURES

We want to give everyone the chance of a lifetime in shoe values, and will simply put in the goods in the cases as they arrived from the factory. Our desire is not to make money on this \$5,000 shipment of shoes, but just to realize their BARE COST. Never before in Victoria has this been attempted, but the public will see the advantage of buying new goods at factory prices.

TRAINS TO HAZELTON  
BY FIRST OF MAY

Work on Bridge at Skeena Crossing Will Follow Completion of Kitselas Tunnel

According to estimates, compiled most carefully on reliable information obtained from those in authority and in a position to know, it is safe to predict that May 1, 1912, will see the track laid as far east as Hazelton and regular trains running between the head of river navigation and Prince Rupert.

After the Kitselas tunnels are finished, track laying will commence, and it will be but a short time after the track-laying is at work when the steel will be at Skeena Crossing. The very latest the rails are expected to reach the crossing is placed at from the first to the third week in December.

Soon as the rails reach that point, the Grand Trunk Pacific will immediately commence rushing the big steel bridge out from Prince Rupert. They even plan to have the greater portion of it run out from Prince Rupert by sending it as far east as possible and letting the gondolas stand on storage sidings until it can be taken to final destination.

With the track at the crossing, the snowsheds in the vicinity of miles 43 to 45 completed, and trains making their regular runs from Prince Rupert, there is absolutely nothing that can hold back the rapid completion of the bridge. The latest allowed for its completion and track to be laid across it, is placed not later than early next April.

The crossing is only 12 miles below Hazelton, and all construction between Hazelton or New Hazelton, will be finished long before the time the track will be laid across the bridge. After the track-laying crosses the Skeena, says the Inland Colonist, ten days at the most will see the steel as far as headquarters camp in what is now popularly termed as New Hazelton.

## FIRE PROTECTION.

Nelson, June 27.—That no more fire permits will be issued and that those at present in existence must be cancelled, was the decision reached by W. M. McGregor, supervisor of fire wardens for this district. Mr. McGregor, although reluctant to delay in any way clearing and development operations on ranches, was compelled to come to this decision in order to prevent as far as possible the outbreak of fires such as burned two houses and farm buildings at Nine-Mile point on the west arm; destroyed the upper camp of the Lambert Lumber Company, three miles up Sprague creek, and did considerable damage at Shoreacres. There was also an outbreak at Sheep Creek on the Yellowstone wagon road.

The circular states that the government desires to make it clear that it is the duty of owners of timber and of operating lumbermen to protect their own property and that in supplying patrols at its own expense it is doing more than the governments in Ontario and in the northwestern states. The cost of fighting fires will, therefore, in future be borne, except in certain circumstances, by the owners of the property.

## NELSON HOSPITAL CAMPAIGN.

Nelson, June 27.—The hospital new building fund was given a great impetus by a subscription of \$1,000 from W. C. E. Koch, the well known lumberman, while it was announced at the meeting of directors that several other large subscriptions had been obtained.

It was decided on the suggestion of J. M. Lay that about the beginning of next month a paid secretary should be appointed to take charge of the campaign for a short period in order that the collection of subscriptions should be carried on in a definitely organized manner. President Giesert appointed Mr. Lay, Ald. Stark and A. T. Walley as a committee to attend to this matter and to arrange for circulating owners and operators of mills and mines in the district with a view to inducing them to further the project. This committee was also instructed to have printed lists to be given to hotels, banks and other suitable business institutions.

AFTER  
DOCTORS  
FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Midgie Station, N. B.—One can hardly believe this as it is not natural, but it was my case. For ten months I suffered from suppression. I had tried different doctors, different medicines, but none helped me. My friends told me I would go into a decline. One day a lady friend told me what your medicine had done for her, so I wrote you for advice and received your reply with pleasure.

I started taking Lydia E. Pinkham's Vegetable Compound, and at the second bottle showed improvement. Now I am regular and never was so well in my life, thanks to Mrs. Pinkham's medicine.

Please publish my letter for the benefit of others.—MRS. JOSIAH W. HICKS, Midgie Station, N. B.

Indian Head, Sask.—Lydia E. Pinkham's Vegetable Compound is indeed a boon to women who suffer from female ill. My health is better now than it has been in my five years of married life and I thank you for the good your advice and medicine have done me. I had spent hundreds of dollars on doctors without receiving any benefit.—MRS. FRANK COOPER, Box 448, Indian Head, Saskatchewan.

The most successful remedy in the country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

## KAMLOOPS HOSPITAL.

Kamloops, June 27.—The weather was ideal for the ceremony of laying the cornerstone of the new hospital. The stand was decorated and a representative gathering of citizens were on hand to witness the ceremony, including a contingent of boys scouts under Chief Rothnie.

Mayor Robinson addressing the gathering outlined the history of the institution since its incorporation in 1888 and stating why the board had selected that site. The land had been given by the government, he said, in addition to \$20,000 towards erection of the building. The mayor was followed by Rev. Ladner, who spoke of the progress made since pioneer days. The stone was then placed in position by W. J. Roper, followed by prayer and benediction by Rev. Ladner.

In choosing Rev. Ladner and W. J. Roper to officiate at the ceremony the committee made a happy selection, both men having been closely identified with the struggles and growth of the city since pioneer days.

## BURGLARY AT NELSON.

Nelson, June 27.—Breaking into J. J. Walker's jewelry store by the back entrance, burglars got away with about \$150 worth of watches, rings, pins, brooches and other valuables. The thieves broke a pane of glass in the window of the door of the workroom and pushed back a small bolt that was used as a fastener.

## HAVE NARROW ESCAPE.

Kelowna, June 27.—Miss Fanny Copeland and H. Rogers had a narrow escape from drowning, when their canoe capsized. Neither can swim to any extent and Miss Copeland went down twice but Mr. Rogers managed to grasp hold of her while he hung to the canoe. A. Edwards went to the rescue in a skiff and soon had them in safety.

## CHILD DROWNED.

Vancouver, June 27.—An Indian child four years old was drowned in the lake at Harrison Hot Springs on Friday. The coroner at Agassiz was notified of the accident.

TELEGRAPH LINE  
IN SKEENA DISTRICT

Stewart Wire Will Be Completed Before End of This Fall

Prince Rupert June 27.—Just returned from an inspection trip up river, and into the Naas district, J. T. Phelan, superintendent of the Government telegraphs, has news of rapid progress made on the Stewart telegraph line.

In the Naas district the work is impeded considerably by the heavy nature of the falls. Not only is the timber growth thick and construction work through it necessarily slower, but owing to the presence of deep ravines, creeks, and canyons which have to be bridged to carry the line across, the work is retarded in spite of strenuous effort.

The other gang working started from the head of that inlet—over the Naas. There will be a telegraph line into Goose Bay by the end of the fall.

Reports from the men in charge of the gangs state that there is still a good deal of snow to be encountered on the line of construction. Over five feet of snow is reported from the summits by the Alice Arm gang.

In spite of this, however, Superintendent Phelan is able to state confidently that the telegraph line will be completed easily by the end of this fall, and some time before the fresh snow comes down for the winter. Regarding his up river trip Mr. Phelan mentioned that with the advance of the railway transportation facilities he was keeping ahead with telegraph development. A new telegraph office has been established at Cedar River, thirty miles from Kitsumkalum, and Superintendent Phelan has made preliminary investigations for further developments in this direction.

## OKANAGAN PIONEERS HONORED.

Vernon, June 27.—In honor of the two earliest pioneers of the Okanagan country a banquet was tendered Mr. and Mrs. A. L. Fortune of Enderby.

One of the few survivors of the overland party of 1862 is Mr. Fortune. This adventurous and intrepid band of pioneers and explorers crossed the plains from Fort Garry, now Winnipeg, and penetrated the then unknown mountain region of this province. At the time the western extremity of railway construction was at Lac Croix, Mich., where passage was made by steamer to St. Paul and thence by stage coach and river boats to Fort Garry. There were about 145 in the party that crossed the vast expanse of western Canada in "prairie schooners." After a trip of thrilling experience and hardships of six weeks' duration across the plains the party arrived at Edmonton. At that time the country teemed with buffalo and was aptly described as the "Great Lone Land."

With their supplies packed on horses, mules and oxen they traversed the country to Tete Juan Cache. Here the party divided, some going down the Fraser river while others chose the North Thompson route. Mr. Fortune selected the former route and it is believed to this day that he made the most adventurous water journey of 500 miles ever recorded in this part of the country. In a "Huntington raft," 22 feet wide and 85 feet long, he sailed down the river, through canyons, rapids and whirlpools to the mouth of the Quessell, which he reached after a perilous voyage. For a number of years Mr. Fortune was a miner in Cariboo and in June, 1868, he went to Okanagan, where he commenced farming. Mr. Fortune is the pioneer settler of Northern Okanagan.

## TO AID RAILWAY.

Kaslo, June 27.—Kaslo citizens are circulating a petition to the mayor and council asking that a by-law for the purpose of raising \$5,000 to go toward operating expenses of the new railway be submitted to the vote of the property owners, among whom it is being circulated. It is intended to spread the loan over a period of 15 years.

## NOTICE TO CONTRACTORS.

Tenders for Car Shops at Transcona, Near Winnipeg, Man.

SEALED TENDERS addressed to the undersigned, and marked on the envelope "Tenders for Shops" will be received at the office of the Commissioners of the Transcontinental Railway at Ottawa until 12 o'clock noon, of the 11th day of July, 1911, for the construction and erection complete, in accordance with the plans and specifications of the Commissioners, of shops at Winnipeg.

Plans, details and specifications may be seen at the office of Mr. Gordon Grant, Chief Engineer, Ottawa, Ont., and Mr. S. F. Foulis, District Engineer, St. Boniface, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to Mr. Press, Mechanical Engineer, Ottawa, Ont.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for the sum of one hundred thousand dollars (\$100,000).

The cheque deposited by the party whose tender is accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order, F. E. RYAN, Secretary.

The Commissioners of the Transcontinental Railway at Ottawa, June 2, 1911.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

## "LAND REGISTRY ACT."

Dated at Land Registry Office, Victoria, B. C., this 11th day of March, 1911.

S. T. WOOLTON, Registrar-General.

## KING AND QUEEN ATTEND THEATRE

Command Performance at His Majesty's Garden Party at Buckingham Palace

London, June 28.—The King and Queen and royal and distinguished guests attended the second command performance in connection with the coronation festivities at His Majesty's theatre last night. For the occasion Sir Herbert Beerhohn Tree had arranged a superb programme. The distinguished audience was treated to scenes from "The Merry Wives of Windsor," "David Garrick," "Julius Caesar," "The Critic," and Ben Jonson's masque, "The Vision of Delight," in which appeared more than 400 actors and actresses at the top of their respective branches in the profession, with minor actors and actresses filling supernumerary roles. The whole number engaged reached nearly 1,000.

The whole grand tier was converted into a royal box, beautifully decorated. The audience rose and sang the National Anthem as the King and Queen walked to their seats. The audience included all the royal and other special representatives to the coronation, ambassadors, colonial premiers and members of the cabinet.

The King wore the uniform of a field-marshal with the Garter ribbon. The Queen wore a wonderful robe of old gold with the insignia of the Garter and a diamond fleur-de-lis and Maltese cross tiara.

At the conclusion of the performance

the whole audience stood motionless while Mrs. Clara Butt, the English contralto, sang the National Anthem. After the last verse the whole house took up the refrain. Queen Mary turned and bowed to the audience. Then Their Majesties departed.

The evening's entertainments included William Waldorf Astor's concert at his residence in Carlton House Terrace, Mrs. Melba and Paderewski being among the artists who performed.

"The King's afternoon party," as the garden party at Buckingham Palace yesterday afternoon is officially designated, was the largest affair of the kind ever held in the grounds of Their Majesties' London residence. No less than 6,000 guests had been summoned, and as all the women were in the daintiest of summer costumes, the gardens, fifty acres in extent, presented a charming picture. A bright sun favored the festival, and the great groves and multi-colored flower beds, with a large lake in the centre, looked their best.

King George and Queen Mary, with their royal guests, and escorted by the great officers of state, toured the grounds in procession during the afternoon, the other guests forming avenues as the imperial party approached.

Many Canadians enjoyed the hospitality of the Duchess of Sutherland at an afternoon reception at Stafford House on Monday afternoon and many illustrious society ladies gave dinners before the opera. So lavish, indeed, is the hospitality extended by the social leaders, chiefly in honor of visitors from the Dominions, that it is estimated that not less than £1,000,000 is being spent privately in this way.

The international exhibition of electrical engineering and machinery to be held at London in September and October is promised to be the greatest of the kind ever held in England.

## PROSECUTION WANTS WOMAN'S EVIDENCE

McManigal Reported to Have Urged Wife to Testify for the State

Los Angeles, Cal., June 28.—The prosecution arranged a stage setting in the McNamara dynamite conspiracy case yesterday that had unexpectedly dramatic effects. They confronted Mrs. Orlie E. McManigal with her husband, one of the accused conspirators, in an ante room of the grand jury chamber, and before the interview she had fallen in a swoon.

Later when she emerged, hysterical, from the ordeal, Attorney Joseph Scott, an associate of Clarence S. Darrow in the defence of the McNamara brothers, rushed among the detectives surrounding her, and brandishing clenched fists, swept them aside with threats of violence if they did not cease "hounding this woman."

According to the detectives, the object of the interview was to have McManigal induce her wife to change her attitude and abandon the defence.

In accordance with pre-arranged plans, Mrs. McManigal was taken before the grand jury to be told that she was not exempt from testifying against the McNamara brothers on the ground that she might incriminate her husband. She was also informed that by refusing to tell what she is believed to know of the disaster to the Los Angeles Times building she laid herself liable to a jail sentence for contempt and to

possible prosecution as an accomplice in the alleged plot.

Hardly had she entered the jury room before her husband, who is alleged to have confessed, was taken from his cell in the county jail by four officers and escorted to an ante room of the jury's chamber.

When McManigal made his appearance, Clarence Darrow, Joseph Scott and Leconte Davis, attorneys for the McNamara brothers, and at present acting for Mrs. McManigal, were visibly surprised. They said they could only surmise what the unexpected move on the part of the prosecution meant. They declared they thought it would result in McManigal appearing before the jurors while his wife was on the stand and telling her that he waived all right as far as her testifying against him was concerned.

It developed later, however, that while the attorneys for the defence who remained outside the grand jury room all the time Mrs. McManigal was within, that McManigal was not taken before the grand jury at all. When his wife had been before that body for a brief period, she was taken into the ante room and left alone with her husband who, it was asserted by Burns' detectives, pleaded with her to align herself with the prosecution, telling her that she would be well provided for. Later they were joined by Malcolm McLaren, one of Burns' lieutenants, who added his importunings to that of her husband.

For perhaps half an hour Mrs. McManigal remained with the attorneys, resting. Then in their company she started for an elevator to descend to the ground to take an automobile. The corridor outside the grand jury chamber was thronged with detectives for both sides, nearly a score altogether. Several men in the employ of Detective William J. Burns followed Mrs. McManigal and her attorneys to the elevator. Scott recognized one of them and asked him to leave.

"You have hounded this woman long enough," Scott roared angrily.

"Now you don't go down in that elevator with her. She's under a doctor's care and she shall not be annoyed any more. Why don't you take a man?"

"I am going down in this elevator," answered the detective quietly.

"You try it," returned Scott, rolling up his sleeves and shaking his fist.

At that the detective turned and edged his way through the crowd which had hastily gathered and ran down four flights of stairs, reaching the street before Scott, Mrs. McManigal and the others of the party.

After the detective's retreat, Scott and the others entered the elevator, accompanied by two others of Burns' men, whom they did not recognize.

When they reached the street and left in an automobile, another machine, accompanied by the defeated Burns men and two of his companions, followed.

Burns' men readily admit that they are making every attempt to win Mrs. McManigal to the side of the prosecution, and that they have taken an apartment next door to those she occupies so as to make note of her every movement.

Detective Malcolm McLaren, employed by Burns, sought to aid McManigal in persuading his wife, but last night Attorney Scott declared that they did not "get a word out of her."

Detective McLaren, on the other hand, announced that the prosecution did not consider Mrs. McManigal at all "hopeless" as yet. It was said by detectives that McManigal told his wife she would be well taken care of if she aided the prosecution.

### RUN DOWN BY TRAIN

Seattle, Wash., June 28.—While making his way towards the city on the Northern Pacific tracks, George Brogovic, a Russian laborer, of Vancouver, B. C., was struck by passenger train No. 21 and instantly killed at the Vanasse crossing. The body was taken to the Noyo morgue at Georgetown, and a search of the victim's clothes revealed his identity and the fact that he was a member of the Industrial Workers of the World, branch No. 22, of Vancouver, B. C.

## MEMPHIS ROMANCE CAUSES SENSATION

Society Girl Marries Carolinian, Leaving British Columbian Fiance Awaiting Her

Memphis, Tenn., June 27.—The surprise here, when reports spread that the marriage of Miss A. Caldwell to Elmore Lowell Staples, of Wycliffe, B. C., would not take place deepened into a sensation when it was learned that the young woman, for whom a large bridal party had been arranged, had become the wife of another than her fiance.

Miss Caldwell left her home early Monday morning, ostensibly to go shopping. T. B. Caldwell later received a message from his daughter saying she was in Corinth, Miss., and had a few moments before been married to Gillinde Stikeleather, of Asheville, N. C. Mr. Caldwell was shocked and the mother of the bride prostrated.

Efforts to reach and stop Staples en route to Memphis were futile, and when he arrived at the Peabody hotel he was told by Bartlett Tully, who was to have served as best man, that his bride-to-be had gone off as the wife of another man.

Stikeleather's family is an aristocratic one in North Carolina, but nothing further is known of him. Miss Caldwell met him while visiting in

Asheville. Staples is a man of means and culture, and had in waiting for his intended bride a handsome home.

### ALLEGED ELECTION FRAUDS

Overseer Voliva and Supporters Indicted at Zion City.

Waukegan, Ill., June 28.—Overseer William Glen Voliva and 180 other officers and members of the Christian Catholic church

have been indicted at Zion City, charged with perpetrating election frauds at Zion City elections April 5 and 18, involving in part control of the church founded by the late Alexander Dowrie. It is said that Voliva and his co-workers in the election brought members of the church from all parts of the country, including San Francisco, Portland, Oregon, and other cities to vote.

The law prohibiting the carrying on of the business of bookmaking in Holland went into force on June 15.

# Malta-Vita

"The Perfect Food"

There's nothing else like it. Nothing so good. Nothing that can take its place. ## WOMEN WILL WORK IN HARVEST FIELDS

Go to Assistance of Nebraska Farmers Who Are Unable to Secure Men

Omaha, Neb., June 28.—In other years the cry, "send us men," has been heard far and wide from the farmers, but this year the appeal has been changed. The farmers are exclaiming, "send us women." During the harvest stacking and threshing Nebraska farm wages for years have been \$2.50 and \$3 a day. There was an advance of 50 cents a day last year. Last year's prices will rule this season also, and during the latter part of June, the whole of July and a portion of August the daily wage will be from \$3 to \$4.50 for a ten-hour day. Until last year the men had the absolute right-of-way, but now they are being crowded out, and to quite an extent are being replaced by young women. A farmer, John Henderson, near Beatrice, found himself short of help. He went to town and called at the employment agencies. He offered \$2 per day, with board and room, but the men who were looking for work thought the task too hard. While eating at a restaurant Henderson told his trouble to Miss Millie Jamieson, a waitress, who in a joking way, remarked: "If you will give me \$3 a day I'll go out with you and do the work of a man."

Henderson made a bargain with the young woman and she quit her job at the restaurant and going out among her girl friends found five who were willing to go with her to the harvest fields. When Henderson reached his farm that night six young women jumped out of a spring wagon. They will continue to work until the season's grain is threshed. When they quit each will get \$120 for forty days' work. Although Deputy Labor Commissioner Guice had been unable to make a computation, it is estimated that this year not less than 1,500 young women of Nebraska will earn from \$50 to \$150 each in the harvest fields.

### TRANSFUSION OF BLOOD.

Unidentified "Park Lounger" Submits to Operation Which May Save Physician's Life.

New York, June 28.—The blood of an unidentified "park lounger" has saved from death, for a time at least, Dr. George B. Lockwood, an eminent stomach specialist, and himself a sufferer from ulcer of the stomach. Dr. Lockwood suffered a severe hemorrhage, and after a hurried consultation decided that the blood of a healthy man was all that could save him. A hunt for an available man from the usual sources proved useless, and finally the attending physicians went to Central Park and impounded loungers, whom they found there, to help save the life of a man who had devoted his own life to relieve the sufferings of others. One of \$20 in cash proved tempting to a man that had not the price of a bed or a breakfast and several of them were rushed in a taxicab to Dr. Lockwood's home. The man whose blood appeared powerful to the tests was selected and the transfusion was performed. Afterward it was said that Dr. Lockwood was much stronger and probably would recover. Dr. Lockwood, although his name does not often appear in the press, has a wide reputation among his brother physicians as a specialist in stomach diseases. He was called in consultation in the case of former President Grover Cleveland and attended him for many months.

## HOW SKIN-TROUBLES HAVE BEEN CURED

A Remarkable Record of Itching, Burning, Disfiguring Eruptions Successfully Treated.

That those who have suffered long and hopelessly from eczema and other torturing, disfiguring eruptions of the skin and scalp and who have lost faith in all manner of treatment, may learn that there is one way to find immediate relief, the following remarkable series of condensed testimonials is published:

W. H. White, 312 E. Cabot St., Philadelphia: Knew to make a mass of eruptions, suffering simply indescribable for six long years. Had to scratch till blood ran and health was undermined from lack of sleep. Cuticura Remedies cured it without a mark.

Mrs. M. C. Maitland, Jasper, Ont.: Itchy rash on her baby's head when but three months old. It spread over entire body. Put mittens on him to prevent tearing skin. Reduced to a skeleton. One bath with Cuticura Soap and application of Cuticura Ointment soothed him to sleep. A single set cured him. Thinks child would have died but for Cuticura Remedies.

Mrs. Wm. Hunt, 259 Fairmount Ave., Newark, N. J.: Whole body a mass of raw, torturing eczema. Agency beyond words. Hair all fell out and ears seemed ready to drop off. Clothing would stick to blushing flesh. Hoped death would soon end fearful suffering. Cuticura Remedies cured the itching, bleeding, raw, and sore skin.

Mrs. J. B. Reardon, 277, Metairie St., Montreal: Treated by doctors 25 years for bad eczema on leg. It peered from knee down; foot like flesh. Doctor advised cutting leg off. Decided to try Cuticura Remedies first. In two months' use of Cuticura Remedies she was cured.

Mrs. Nora Emmott, 26, Lena Gardens, Brook Green, London: Two little girls had dreadful scalp trouble that doctors called ringworm. Girded with intense itching. Hospital treatment gave frightful pain but did no good. Suffered three years, cured by three sets of Cuticura Soap and Ointment.

H. A. Krutskoff, 6714 Wabash Ave., Chicago: Itching eruption spread from hands to body. Literally tore his skin off in shreds. Doctors and remedies did no good. Cuticura Soap, Ointment and Pills together cured quickly and cured disease in three weeks.

Frank Grisdley, 328 E. 43rd St., New York: In twenty-four hours he became raw from head to foot with a dreadful burning itch, suffered agonies and could not lie down or sit up. Cuticura Soap and Cuticura Ointment cured him in a single day.

Mrs. Kate Brougham, 200 Dewey St., Bennington, Vt.: Eczema of face, neck and soon turned to watery, crusty eczema over face, head and body. He was a fearful case and all attempts to cure failed. Finally improved in a week by use of Cuticura Remedies and soon skin was clear and healthy.

G. J. Dancy, 27, New Road, Bradford, England: Suffered for six years with bad skin disease. Attended hospital five months without success. Covered with eruptions. He kept not real. Fell like a tree when he was with terrible itching. With first application of Cuticura Ointment was relieved and got good night's sleep. In a fortnight Cuticura Ointment cured him as it by magic.

Cuticura Soap, Cuticura Ointment, Cuticura Remedies and Cuticura Pills are sold by druggists everywhere. Send to Potter Drug & Chem. Corp., Boston, Mass., for free 32-page Cuticura Book on skin diseases.

## CHICAGO SELECTED AS MEETING PLACE

Sunday School Association Closes Convention—New Officers Elected

San Francisco, June 28.—What is declared by prominent members of the International Sunday School Association to be the most successful convention in the history of the organization came to an end in this city last night. For eight days thousands of delegates have attended sessions and conferences, and have listened to advice from Sunday school workers of the world. The principal business yesterday was the election of officers and the ratification of the executive committee's selection of Chicago as the place where will be held the convention in 1914. The exact date of the convention was not decided, but was left to a committee.

The election of officers resulted as follows: President, W. N. Hartshorn, Boston; recording secretary, A. D. Mason, Memphis, Tenn.; treasurer, W. A. Peterson, Chicago; assistant treasurer, Andrew Stevenson, Chicago; elected life member, Geo. W. Bailey, Philadelphia; chairman executive committee, Fred A. Wells, Chicago; vice-chairman, William Hamilton, Toronto, Ont.; and C. C. Chapman, Fullerton, Cal.; secretary executive committee, Rev. G. R. Merritt, Minneapolis; general secretary, Marion Lawrence, Chicago; assistant general secretary, Hugh Cork, Chicago; elementary superintendent, Mrs. Mary Foster Bryner, Chicago; superintendent adult department, W. C. Pearce, Chicago; superintendent teachers' training department, Franklin McElfish, Chicago; missionary superintendent, William A. Brown, Chicago; home and visiting superintendent, J. Shreve Durham, Chicago; secretary temperance committee, Mrs. Sellah Foster Stevens, Alton, Ill.; chairman board of trustees, E. K. Warrin, Three Oaks, Mich.

### MASQUERADED AS BOY.

Woman Has Posed as Her Husband's Brother for Seven Years.

Long Beach, Cal., June 28.—Mrs. Roy Ballou is no longer a "boy," after seven years of posing as her husband's brother, during which time she worked as a boy on Ballou's crawfish craft. Mrs. Ballou on Monday walked into police headquarters and told her story. She said she was being followed by a man she thought was a detective, and she decided to end her duplicity.

While a girl in a convent, her heavy bushy hair proved difficult for her to handle, and she had it cut off. It was then she decided that she would make a better boy than a girl, and she began to dress up and make short trips to the islands. It was on one of these trips that she met Ballou and they were married. Once she was put ashore off Point Loma as a dynamite suspect operating against the Theosophists' institution there, Mrs. Ballou says she got along much easier as a boy than she could by wearing skirts, as scarcely any attention is paid to boys, whereas, she claims, a woman's lot on the sea is anything but pleasant. Her last experience was in Long Beach, when she was arrested on coming ashore from the steamer Yale, on which boat she was cabin boy.

After telling her story she was released by the police.

### RAISING THE MAINE.

Havana, June 28.—The work on the wreck of the battleship is still confined to balancing the contents of the cylinders, hauling and dumping into the cofferdam broken stone.

Surprise has been expressed here at the opinions of Gen. Bixby, chief engineer in charge of the work of raising the Maine, who, upon his arrival at Tampa, was quoted as saying of the Maine's destruction here that he did not expect the wreck would be recovered. The engineers here feel that the first belief is not fully justified in advance of the exposure of expectations of discovering the bones of many sailors on the berth deck when the section below is reached.

### SHOT DOWN IN COLD BLOOD.

San Diego, Cal., June 28.—District Attorney H. S. Utley has taken the sworn deposition of David W. Church, who was at Alamo, Lower California, when Dr. Alexander W. Foster and two other Americans were shot by a band of Mexican scouts from Ensenada. Church states that the men were shot down in cold blood, his account differing in detail only from other narratives of the tragedy. Church says that Dr. Foster was a native of Massachusetts and received his education there. District Attorney Utley will forward the depositions to Washington and will also give what other evidence he can obtain in regard to the affair.

### REORGANIZING STANDARD OIL.

J. D. Rockefeller Visits New York Office for First Time in Years.

New York, June 27.—The financial district to-day heard that John D. Rockefeller, who, it was said, came from Cleveland to attend some matters regarding his estate in Texas, was at his office to-day for the first time in several years. Mr. Rockefeller, it was reported, attended a conference of directors and attorneys held to consider a means of bringing about a re-organization of the company to

## NATURE STOPS WHEN THE KIDNEYS GIVE OUT

Do you feel that you simply can't go any farther—that you must have rest for that lame and aching back—relief from that constant dead-tired feeling—freedom from those stabbing, darting

kidneys work night and day, and naturally a life of unusual activity doubles the duties of the kidneys and in time the strain tells. The kidneys give out and nature cries "stop." Booth's Kidney Pills are sold by all dealers, 50¢ postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. There is no pill just as good. Send for a Free box. The test will prove the truth of our statement.

### STORM SWEEPS WASHINGTON.

Washington, D. C., June 27.—A severe wind, rain and hail storm swept over Washington to-day. It blew sixty miles an hour about the capital, causing so much disturbance that the senate adjourned. President Taft, with Clarence R. Edwards and J. W. Arbutnot, were playing golf on the Chevy Chase links when the storm broke. For ten minutes or more the lightning flashed uncomfortably and the rain poured down in sheets.

### WELCOME RAIN.

Minneapolis, Minn., June 28.—Reports received at railroad offices here indicate that relief by rains in the Dakotas, especially South Dakota, was very pronounced for a large part of the territory which had been threatened with a crop failure.

## QUEBEC'S SYSTEM OF CREDIT UNIONS

Helping the Poor to Help Themselves—A Decade of Experience

The most efficient help that can be given to those who are not blessed with a superabundance or a sufficiency of this world's goods is the help which enables them to help themselves. This help is the more helpful when it saves the objects of its benevolence from the exactions which poverty and the loan shark in combination extort. When a man is in distress borrowing is his only way out, and it has been found that when he borrows he lays up for himself sorrows unlimited, for the accommodation is costly and the means of repayment hard to get.

Many an unfortunate has been ruined by the demands of the high-rate money lender. Once in the clutches of this individual escape seems to be impossible. Interest accumulates as time passes, and finally the situation is hopeless. It was in order to meet this state of affairs that Alphonse Desjardins, of Levis, created eleven years ago what are known as Credit Unions, or small co-operative banks for the use of those of moderate means. The underlying principle of the unions is co-operation. All those who hope to benefit by the undertakings have to become members or shareholders, and are required in addition to pay a small entrance fee. Deposits are also accepted. The money thus raised is loaned to members in small amounts, and at low rates of interest, to enable them to tide over a difficulty or to launch out upon some small enterprise, such as the purchase of a home. As the rate of interest is insignificant the borrower, by paying on the instalment plan, soon meets his indebtedness and the obligations attending it.

With the revenue from the money loaning business the Credit Union is enabled to pay a small dividend—four per cent. so far—to the shareholders, and a small sum in the way of interest to the depositors. Thus the enterprise is profitable as well as philanthropic. The experiment at Levis has been a distinct success. It opened in January, 1901, and has now a share capital of \$82,982, and deposits amounting to \$352,998. It has loaned money to no less than 4,100 borrowers, the total amount up to date thus advanced being \$660,000. Sixty per cent. of the loans have been such as would call for a rate of interest from loan sharks of from 40 per cent. upwards. They are not the sort of loans a bank would make, for they have not the requisite security, and are based largely upon the character of the borrowers, and upon the purposes for which the money is to be used. Nevertheless, they are safe loans, as experience shows; in no instance as yet has any money been lost.

From the Levis experiment great results have already been derived. There are to-day, in Quebec, 56 of the Credit Associations with nearly 25,000 members, and with assets aggregating half a million of dollars. There are five of the unions in the City of Quebec, two in Montreal and forty-five in the rural districts. Recently the idea has been tried in Massachusetts, and the report comes from Springfield that it is successful. There a large number of working people took shares and made deposits, and have been enabled to get, at a moderate rate, the accommodation they have needed. Boston is shortly to take up the system, and seeing that there is a large artisan population in that city, the expectation is that the opportunity it offers will be taken advantage of very freely. If this hope is realized the people who frequently borrow will benefit greatly.

The underlying principle of the Credit Union, as it is termed, is co-operation, combined with economy. In the first place, the parties to be aided are encouraged to save. The stock they take and the little deposits they make are introductions to the art of putting by something for the proverbial rainy day. This, of itself, is a good feature of the movement. Then, the member loans something of the value of money. Finally, he is given accommodation at a reasonable rate and is taught to meet his obligations. The last point is of extreme importance, and cannot be over-rated. The moderate charge for loans saves the borrower from much trouble. The system, however, is based very largely upon good faith. To be successful care must be taken in the selection of members, and there must be equal care in the making of loans for which there is very slight security. The system differs from the regular banking business, in that it deals with small sums, and with people who would have no status in a bank. It does really what no bank can undertake. Yet, in addition to being philanthropic, it ought to be safe, and no doubt will be, provided it is managed with prudence and without anything of the nature of favoritism—Mail and Empire.

## RAILWAY DEVELOPMENT.

During the past few years railway development in Canada has been little short of phenomenal. The mileage has rapidly increased and the equipment of the railroads, required year by year, has taxed the locomotive and car plants of the continent to the utmost. Recently the Canadian Locomotive Company of Kingston, Ontario, have decided to double the capacity of their locomotive works. The company have been making 75 locomotives per year, but have been forced each year to refuse many satisfactory orders owing to their very limited capacity.

There are to-day in Canada over 25,000 miles of railroad in operation and over 6,000 miles being built. As one locomotive is required for every six miles of road, it will mean that 1,000 new locomotives will be required within the next year or two in addition to the 400 annually required to replace the existing equipment. The Canadian Locomotive Company have built up such an enviable reputation that their output is eagerly sought for, and they do not

Open to 8 p.m.

## PASSING SHOW

### Crystal Theatre.

The Coronation Day parade and Fifth Regiment pictures are still drawing capacity houses. This film was taken on the 22nd and made in Victoria and should be seen. The regular programme, which changes to-day, is as follows: "Pete is Travelling," a Gaumont comedy that is a scream from start to finish; "The Bridegroom's Tight Trousers," another comedy; "A Fairyland of Frost and Snow," "A Game of Love," Gaumont drama; "Her Atone-ment," a Power's drama that will keep you interested; "The Somnambulist," a Solax drama closes another good bill. We want to call your attention to the songs that are interspersed in this programme by Miss Melba, Bondeau, the Melba of Canada. They are missing a treat who do not hear this little lady with a voice that is the envy of many.

### Majestic Theatre.

The new mid-week bill is headed by a big Edison production entitled "The Child and the Tramp." It is an unusual story with a tramp, played by Mr. Levy for a hero. In his wanderings in the far west he is treated kindly by a little girl which so affects him that when he learns that her father's entire savings are invested in a "get-rich-quick" concern, run by a pair of swindlers—his former pals—he takes a long trip east and recovers the money in the nick of time. "The Sheriff's Daughter," a western picture; "The Legend of the Scar-Face," an Indian mythological story, romantic and thrilling; "Catching the Deep Sea Turtle," short but exceedingly entertaining and educational subject, showing how they catch the giant turtles of the Caribbean Sea; "What Happened to Auntie" is a film replete with uproariously funny comedy situations.

### Romano Photoplay Theatre.

The picture of the local coronation parade was shown to crowded houses at the above theatre Monday and Tuesday, and drew praise and admiration from all who saw it. The management deserves credit for their foresight in bringing to this city one of the best men at this line of work on the coast. W. H. Harbeck, to take this picture, and the people who were unfortunate enough to miss the actual parade will have an opportunity of seeing it in moving pictures at this house during the rest of this week, after which it will be sent with other copies all over the world. The rest of the films to be shown to-day and to-morrow are all topnotchers, and, together with the fine playing of the Romano trio, the patrons have an opportunity of seeing one of the best shows ever put on at the small price of ten cents.

### Pictures at the Gorge.

An interesting picture among the number shown at the Gorge park this week, at the popular open-air entertainment given nightly at this favorite place of amusement, is Michael Strogoff, founded upon the powerful dramatic story of that name written by the late Jules Verne. Another picture is one founded upon the late Bret Harte's well-known story, "The Luck of Roaring Camp." Other pictures

### Stewart Williams & Co.

#### AUCTIONEERS

Duly instructed by Robert Mowatt Esq., will sell by public auction at his residence

### LADIES

Don't Forget Our  
Rest Room, It Was  
Made For Your  
Use.

Dear Amy—

Everyone should go to bed happy and get up happy. Then they'll work better and earn more. I feel truly sorry for people who are able, but either too stingy or too careless to buy beautiful beds and bedroom furniture. John goes to his bed humming a tune and gets up whistling. I have such a nice room for him. That's why he is such a success in business.

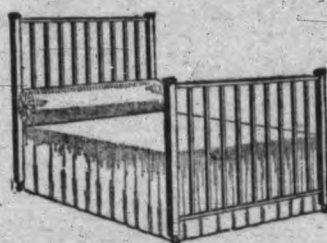

With love,

LOU.

P. S.—Never forget, Amy, when you have furniture to buy, remember you can get the stylish, strong kind and for lowest prices from Weiler Bros.

## 1911 Artistic Designs Madras Muslin

IN our Government street windows we have a display of beautiful Madras, made in the Sundour fadeless colors. The fact that the sun has no effect on these materials make them par excellence the most satisfactory and desirable curtain material, off shades and combinations of shades can be had. You can get beautiful colors in these materials without weight. Some of these goods have a lustrous, silky finish, rivalling in appearance the product of the brocade factories of France.

The  
Envied Owner  
of this Range

There is more real beauty—combined with highest quality—in this Chancellor range than you'll find in any other range in all Canada. The design is perfect—the finish is fittingly beautiful.

Note rich effect of mirror on door of warming closet—note dainty, sanitary white tile back—handsome nickel trimmings everywhere.

And remember that the Chancellor's work is just as satisfactory as it looks, besides being a perfect baker, with broiler top, ash-door, and every other late device for economy and good service.

## The OXFORD ECONOMIZER Saves 20% of Your Coal Bill

Come to the store and let us demonstrate to you just how this regulator controls the fire. Keeps it running at lowest cost—guides all cooking odors up chimney. Leaves the air in your kitchen pure and clear—Saves one ton out of every six in your coal bin.

This "Chancellor," with other Gurney-Oxford stoves for all purposes and every kind of fuel, is on display in our store. Please give us the pleasure of showing them to you soon.

### THE WEST END GROCERY CO., LTD.

1002 Government Street. Tels. 26, 88 and 1761

shown are "The Redman's View," "A Rich Revenge," "Measure for Measure" and "Taming a Husband." The programme being played by the Gorge orchestra is as follows: March, "Rakoczy"; selection from "The Prince of Pilsen"; idyll, "Temptation"; waltz, "Auf Wiedersehn"; overture, "Raymond"; gavotte, "Spring"; march, "Jolly Fellows."

Empress-Grand Theatre.  
Spencer Kelly and Marion Wilder stopped the show at the Empress vaudeville house last night for six minutes, or to be absolutely correct, the show was stopped by the audience keeping the applause for the two singers going for six minutes. There are no encores in the Kelly-Wilder engagement, and after six minutes, when the audience realized an extra was not forthcoming, the Franco troupe was allowed to take the boards and end the show in a rattling good laugh.

Despite its athletics on behalf of the singing act the audience still had some energy left and gave the Franco troupe a hot recall after their bill-board display. Murray Livingston and Virginia Bates and Burnie Lewis made a hit with "The Man From Italy"; the three Brownies are a riot in dance and on skates, and Emerald and Dupree open the bill with a laugh, performing in "A Hot Scotch."

According to the Journal, Tobacco, the Cuban government is presenting to King George 5,000 Havana cigars of six different brands.

### ANOTHER STAMPEDE.

Cordova, Alaska, June 28.—A quartz outcrop yielding values shown in an assay here to be \$3.75 a ton has been located at Mile 194, on the line of the Copper River and Northwestern Railroad.

F. A. Iver— is the lucky prospector

who struck the lead. His luck was too good to keep a secret, and after he received his amazing assay returns on Saturday he confided in a few good friends. The news soon scattered and the inevitable excitement followed. The scene of the strike is easily accessible and the whole section will be staked in a very few days, as a "railroad stampede" is now in progress. The lead which Iver struck is within two miles of the famous Bonanza copper mine.

## IT KEEPS HORSES' HOOF'S SOFT

WHITE ROCK HOOF PACKING should be put in three times a week. Be humane and keep your horse from getting lame.
